Candidates should request for their transcript from their former institution by clicking on the link www.etx-ng.com/unibenpg to forward their academic transcript(s) to the "Secretary, School of Postgraduate Studies", to reach him not later than 8 weeks from the date of this publication. Applications of candidates whose transcripts are not forwarded to the school shall not be processed.

Referees Reports

Candidates should print out the referee forms provided in the application page fill and return to the directly to the Secretary, School of Postgraduate Studies. Applications shall

not be processed unless the referee reports are available.

Note: students are advised to always check the website for those courses that require written entrance examination. **Please make sure you indicate your e-mail address/telephone when applying.**

FACULTY OF AGRICULTURE: DEPARTMENT OF AGRIC ECONS & EXTENSION SERVICES

Programmes Offered:

1. Ph.D. Agricultural Extension and Rural Development (Full time and Part Time)
2. Ph.D. Agricultural Economics and Resource Management (Full time and Part Time)
3. M.Sc. Agricultural Extension and Rural Development (Full time and Part Time)
4. M.Sc Agricultural Economics and Resource Management (Full time and Part Time)
5. Postgraduate Diploma in Agricultural Extension and Rural Development
6. Postgraduate Diploma in Agricultural Economics and Resource Management

AVAILABLE OPTIONS

- (a) Master of Science in (M. Sc.) in Agricultural Economics Resource Management
 - (i) Agribusiness Management
 - (ii) Agricultural Finance
 - (iii) Agricultural Development and Policy
 - (iv) Agricultural Marketing and Cooperatives
 - (v) Agricultural Production Economics and Farm Management
 - (vi) Resource and Environmental Economics
- (b) Master of Science in (M. Sc.) in Agricultural Extension and Rural Development
 - (i) Agricultural Extension Education
 - (ii) Agricultural Extension Administration
 - (iii) Agricultural Communication
 - (iv) Planning and Evaluation of Extension Programmes
 - (v) Rural Development
 - (vi) Gender and Climate Change Issues in Agricultural Extension/Rural Development.
- (c) Doctor of Philosophy (Ph.D.) in Agricultural Economics Resource Management
 - (i) Agribusiness management
 - (ii) Agricultural Finance
 - (iii) Agricultural Development and Policy
 - (iv) Agricultural Marketing and Cooperatives
 - (v) Agricultural Production Economics and Farm Management
 - (vi) Resource and Environmental Economics

(d) Doctor of Philosophy (Ph.D.) in Agricultural Extension and Rural Development

- (i) Agricultural Extension and Rural Development
- (ii) Agricultural Extension Programme Planning and Evaluation
- (iii) Agricultural Administration
- (iv) Agricultural Communication.

Admission Requirements

A. M.Sc. Degree Programme in Agricultural Economics and Agricultural Extension:

Candidates for admission to these programmes shall hold a first degree of the University of Benin or any other University approved by the Senate of the University of Benin in any of Agricultural Economics, Agricultural Extension, and any other related discipline. The Minimum qualification for admission shall be a Second Lower division.

B. Ph.D. Degree Programmes:

The entry requirement for the Ph.D. Programmes shall be a Masters Degree of the University of Benin or any other University approved by the Senate, in any of the disciplines indicated in (a) above **with an average M.Sc. Score of 60% and above.**

Duration of Programmes:

a) M.Sc. (Agric Econs) & M.Sc. (Agric Extension)

Full-Time: Minimum of 4 semesters
Maximum of 6 semesters
Part Time: Minimum of 6 semesters
Maximum of 8 semesters

b) Ph.D. (Agric Econs) 6-10 semesters Ph.D. (Agric Extension) 6-10 semesters

- (b) **Ph.D programme:**
- (i) Full-Time 6-10 semesters
 - (ii) Part-Time 8-12 semesters

DEPARTMENT OF ANIMAL SCIENCE PROGRAMMES OFFERED:

- (a) Master of Science (M.Sc) in Animal Science
- (b) Doctor of Philosophy (Ph.D) in:
 - 1) Animal Science
 - 2) Agricultural Biochemistry & Nutrition

AVAILABLE OPTIONS/SPECIALIZATION:

(a) **Master of Animal Science (M.Sc) with specialization in:**

- i) Animal Production and Management
- ii) Agricultural Biochemistry and Nutrition
- iii) Animal Breeding & Genetics
- iv) Animal Physiology

- v) Pasture and Range Management
- vi) Animal product, Science and Technology
- (b) **Doctor of Philosophy (PhD) with specialization in:**
 - i) Animal Production and Management
 - ii) Animal Nutrition and Biochemistry
 - iii) Monogastric Nutrition and Management
 - iv) Ruminant Nutrition and Management
 - v) Animal Breeding and Genetics
 - vi) Animal Physiology and Reproduction
 - vii) Animal product Science and Technology
 - viii) Agricultural Biochemistry and Nutrition
 - ix) Pasture and Range Management
 - x) Reproductive Physiology and Artificial Insemination

Admission Requirements:

- (a) **Master of Science (M.Sc) Programme:**
To be admitted into the degree of Master of Science programme, a candidate shall hold:
 - (i) A Bachelors honours degree in Agriculture with option in Animal Science with a minimum of Second Class Lower Division of the University of Benin or any other University recognized by the Senate of the University of Benin;
- (b) **Doctor of Philosophy (Ph.D.) Programme:**
To qualify for admission into the Ph.D. programme, a candidate must hold a Master degree (by thesis) in Animal Science, Agricultural Biochemistry and Nutrition, Food Science and technology from the University of Benin or any other University approved by the Senate of University of Benin. Candidates with Master by Project in Animal Science or related area of study will be admitted subject to their having minimum average score of 60 percent.

Duration of Programmes:

- (a) **M.Sc.:** Minimum of 24 (twenty-four) months and a maximum of 48 (forty-eight) calendar months for full-time while part-time shall be twice the period for the full-time. The conversion from part-time to full-time and vice-versa may be permitted.
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters
A student who fails to submit his or her thesis within seven calendar years (84 calendar months) from the date of initial registration for the Ph.D. degree shall be asked to withdraw from the programme. However, under special circumstances, the Senate on the recommendation of the School of Postgraduate Studies after consulting with the Supervisor may grant extension of time.

DEPARTMENT OF CROP SCIENCE

Programmes Offered:

Post graduate Diploma in Crop science

- a) Crop production
- b) Crop Protection

Master of Science (M.Sc.) in crop science with specialization in:

- (a) Crop Physiology and farming system
- (b) Horticulture and Landscape design.
- (c) Crop Breeding and Genetics
- (d) Crop Biotechnology
- (e) Crop Protection (Entomology, Phytopathology and Weed Science options)

Doctor of Philosophy (Ph.D.) with specialization in:

- (a) Crop Breeding and Genetics

- (b) Horticulture and Landscape design.
- (c) Crop Physiology and Farming Systems
- (d) Crop Biotechnology
- (e) Crop Protection (Entomology, Phytopathology and Weed Science options)

Duration of Programme:

PGD Full Time: minimum of 2 semesters and Maximum of four semesters.

Part time PGD programmes runs for a minimum duration of 4 semesters and Maximum of 6 semesters

M.Sc. – Full-Time: 4-6 semesters

M.Sc. – part-Time: 6-8 semesters

Ph.D programme: Full-Time 6-12 semesters

Ph.D programme: Part -Time 8-16 semesters

Admission Requirements:

- a). Postgraduate diploma programme:- candidates seeking admission for postgraduate diploma in crop science and crop protection must have at least one of the following qualification from recognised institutions.
 - (i) Higher national Diploma in Agriculture or related disciplines with minimum of lower credit.
 - (ii) Minimum of Third Class degree at Bachelors level in agriculture plus a minimum of five years cognate experience.
 - (iii) Minimum of pass in Higher National Diploma plus 10 (ten) years cognate experience.
- (a) **Master of Science degree in Crop Science:**
In addition to the general regulations and guidelines on admission, a degree of Master candidate shall hold a good honours degree in:
 - (i) Agriculture of the University of Benin or any other University recognized by the Senate with a minimum of second class Lower degree.
 - (ii) HND Upper credit plus PGD (Crop Science) at distinction in addition to satisfying university matriculation requirement.

(b) **Doctor of Philosophy (Ph.D.) degree in Crop Science:**

To qualify for admission into the Ph.D programme, a candidate must hold a Masters Degree of the University of Benin or any other University recognized and approved by Senate, in any of the disciplines indicated in (a) above. In addition, the candidate must have a weighted average of 60%.

No entrance examination

DEPARTMENT OF FISHERIES

1. PGD in fisheries

2. Professional Master's degree in Fisheries and Aquaculture

3. M.Sc. in Fisheries

4. Ph.D in Fisheries

Area of specialisation/options is:

- (a) Aquaculture
- (b) Water Pollution
- (c) Fisheries Economics
- (d) Fisheries Production and Management
- (e) Fisheries technology

Admission Requirements:

- (a) **M.Sc. Programme:**
In addition to the general regulations and guidelines on admission, a candidate shall:
 - (i) Hold a good degree (minimum of Second Class Lower Division) in Fisheries of the

University of Benin or any University recognized by Senate or

- ii) Hold a good degree (minimum of Second Class Lower Division) in Agriculture, Zoology or related field of the University of Benin or any University recognized by Senate.

Such candidates may be required by the Departmental Postgraduate Advisory Committee to make up possible undergraduate deficiencies by taking and passing such courses without credit.

(b) **Ph.D Programmes:**

A candidate must possess one of the following:

- i) M.Phil Degree in Fisheries or other related field of study of the University of Benin or any other University recognized by the University of Benin Senate.
- ii) M.Sc. Degree in Fisheries or other related fields of study of the University of Benin or any other University recognized by the University of Benin Senate. Such candidates must have a minimum of B average in courses chosen, equivalent to a weighted average of 60% or CGPA of 3.50 minimum on a 50 point scale.

Duration of Programmes:

M.Sc: The duration for the programme shall be a minimum of twelve (12) calendar months and a maximum of forty-eight (48) calendar month.

Ph.D: The duration for the programme shall be a minimum of thirty six (36) calendar months for full time while part time is sixty (60) Calendar months Minimum and a maximum of eighty four (84) calendar months.

Any candidate whose progress is considered to be unsatisfactory in any subsequent session shall be advised to withdraw from the programme.

DEPARTMENT OF FORESTRY AND WILDLIFE:

Programmes Offered:

M.Sc and Ph.D:

- (a) M.Sc. Wood Science and Utilization
- (b) M.Sc. Agro-Forestry and Organic Farming
- (c) M.Sc. Wildlife Conservation and Management
- (d) M.Sc. Silviculture and Tree Improvement
- (e) M.Sc. Social Forestry and Extension
- (f) M.Sc. Forest Ecology and Rehabilitation.
- (g) M. Sc. Wildlife Eco-Tourism Management
- (h) Ph.D. Wood Science and Utilization
- (i) Ph.D. Agro-Forestry and Organic Farming
- (j) Ph.D. Wildlife Conservation and Management.
- (k) Ph.D. Silviculture and Tree Improvement
- (l) Ph.D. Social Forestry and Extension
- (m) Ph.D. Forest Ecology and Rehabilitation
- (n) Ph.D. Wildlife Eco-Tourism Management
- (o). Ph.D. forest pest and disease.
- p) Ph.D Forest Economics.

Admission Requirements:

a. Master of Science (M.Sc.)

In addition to the general regulations and guidelines on admission, a candidate shall possess a minimum of:

- (i) At least Second Class Honours Degree (Lower Division) in Forestry and/or Wildlife or related field of Science from the University of Benin or any other University recognized by the Senate of the University of Benin.
- (ii) Application from other disciplines other than Forestry and/or Wildlife may be admitted but

will be required to take and pass remedial courses at the undergraduate or Master Level. Such remedial courses shall be non-credit earning. Also candidates with Postgraduate Diploma in Forestry and/or Wildlife related discipline from the University of Benin or any other University recognized by the Senate of the University of Benin may be admitted.

b. Doctor of Philosophy (Ph.D) :

To be admitted into the Ph.D programme, the applicant must hold a Master Degree of the University of Benin or any other Institution recognized by Senate, with an average grade of 'B' in any of the discipline indicated in (a) above.

Duration of Programmes:

M.Sc.

The duration for the programme shall be a minimum of eighteen (18) calendar months and a maximum of forty-eight (48) calendar month.

Ph.D:

The duration for the programme shall be a minimum of twenty-four (24) calendar months and a maximum of seventy-two (72) calendar month. For part-time programme, in both degrees, the duration shall be twice the normal period for the full-time programme.

DEPARTMENT OF SOIL SCIENCE:

Programmes Offered:

- (a) Master of Science (M.Sc.) in Soil Science
- (b) Doctor of Philosophy (Ph.D) Soil Science

Available Options/Specializations:

- (a) Soil Chemistry and mineralogy
- (b) Soil Fertility/fertilizer technology
- (b) Soil Physics and conservation
- (c) Soil Management and Conservation
- (d) Pedology
- (e) soil survey and land use planning
- (f) Environmental soil science

Philosophy/Objective:

The objective of the grade programme shall be to provide advanced instruction in specialized fields and training methods for persons engaged in soil research.

Admission Requirements:

- (a) **M.Sc. Degree:** To be admitted into the Degree of Master of Science programme, a candidate shall:
 - (i) Hold a good honours in Agriculture with a minimum of 2nd Class Lower Division of the University of Benin or any University recognized by Senate, or
 - (ii) Hold a good honours degree in the related Sciences with a minimum of 2nd Class Lower Division of the University of Benin or any University recognized by the Senate.
 - (iii) Students who come in with Degree outside Agriculture will be required to take remedial courses at the undergraduate level. Credit earned in such cases shall not count towards the credit requirement for the M.Sc. degree.
- (b) **Ph.D Degree**
To qualify for admission into the Ph.D programme in Soil Science, a candidate must hold a Master Degree in Soil Science or related field of the University of Benin or any other University approved by Senate, in

any of the disciplines indicated and must have a weighted average of 60% or CGPA of 3.50 minimum on a 5-pointscale.

Duration of Programmes

M.Sc. programme:

- (i) Full-Time 18-48 months
- (ii) Part Time 36-96 months

(b) **Ph.D programme:**

- (i) Full-Time 24-72 months
- (ii) Part Time 48-142 months

Entry into the programmes is not by written entrance examination.

FACULTY OF ARTS

DEPARTMENT OF ENGLISH AND LITERATURE

Programmes Offered:

- (a) Master of Arts in English and Literature
- (b) Master of Philosophy in English and Literature
- (c) Doctor of Philosophy in English and Literature

AVAILABLE SPECIALIZATIONS:

(a) **Master of Arts (M.A.) with specialization in:**

- (i) English Language
- (ii) Literature in English
- (iii) African Oral Literature

(b) **Master of Philosophy (M. Phil.) with specialization in:**

- (i) English Language
- (ii) Literature in English
- (iii) African Oral Literature

(c) **Doctor of Philosophy (Ph.D.) with specialization in:**

- (i) English Language
- (ii) Literature in English
- (iii) African Oral Literature

Admission Requirements

M.A. Programme:

A good Bachelor of Arts degree in English, not lower than Second Class (Honours), Lower Division. In addition, candidates with lower than First Class (Hons) B.A. degree are required to pass a qualifying written examination to be set by the Department.

M.Phil. Programme:

- (a) A Master of Arts degree obtained from an acceptable University.
- (b) A candidate who scores a minimum grade of 60% in a compulsory

Seminar paper may be permitted to proceed to the M.Phil Programme without completing the (M.A.) Programme.

Ph.D. Programme:

- (b) A Master of Arts Degree in English obtained from an acceptable University.
- (b) A candidate who scores a grade of a minimum of B in each of the MA. course work examinations and a minimum of B in a compulsory seminar paper may be permitted to proceed to the Ph.D. programme without completing the M.A. programme.

Duration of Programmes:

M.A.:

- (a) The programme is for a minimum of 2 semesters, and a maximum of 8 semesters.
- (b) Part-Time M.A. programme is for a minimum of 4 semesters and a maximum of 10 semesters.

(a) **Full Time:**

- (i) A minimum of Full-Time 4-6 semesters for students with B.A.
- (ii) A minimum of 2- 6 semesters for students with M.A.

(c) **Part-Time:**

- (i) A minimum of 6 semesters and a maximum of 10 semesters for students, with B.A.

M.Sc programme:

- (i) Full-Time 4-6 semesters
- (ii) Part-Time 6-8semesters

(b) **Ph.D programme:**

- (i) Full-Time 6-10 semesters
- (ii)Part-Time 8-12 semesters

Ph.D.:

Ph.D programme:

- (i) Full-Time 6-10 semesters

All Candidates are required to do written entrance examination.

DEPARTMENT OF FINE AND APPLIED ARTS

1. Vacancies exist for suitably qualified candidates in the underlisted areas:

- (a) Master of Arts (M.A.) in Art History
- (b) Master of Fine Arts (M.F.A)
- (c) Doctor of Philosophy (Ph.D) in Art History
- (d) Doctor of Philosophy (Ph.D) in Visual Arts

2. **AVAILABLE OPTIONS**

SPECIALIZATIONS:

(a) **Master of Arts (M.A.) in Art History with specialization in:**

- i African Art
- ii. European Art
- iii. Art Criticism

(b) **Master of Fine/Applied Arts (MFA) Degree with Specialization in:**

- (i) Painting
- (ii) Sculpture
- (i) Ceramics
- (iii) Textile/Fashion
- (ii) Printmaking
- (iii) Advertisement

(c) **Doctor of Philosophy (Ph.D) in Art History with specialization in:**

- i African Art
- ii. European Art
- iii. Art Criticism

(d) **Doctor of Philosophy (Ph.D) in Visual Arts with specialization in**

- i Sculpture
- ii Painting
- iii Ceramics
- iv Graphics
- v Textile Design

3. **ADMISSION REQUIREMENTS**

(A) **M.A. Art History Programme**

Admission into the M. A. (Art History programme is open to :

- (i) Candidates who already possess the first degree in (a) Art History; (b) Any major areas of the Fine/Applied Arts and (c) Art Education with minimum of Second Class Lower Division from a recognized University.

The Part-Time programme shall not exceed a maximum of 8 semesters.
- (c) **M.Phil in Theatre Arts:**
 (i) 2 semesters
 (ii) 3 semesters maximum
- (d) **Ph.D. Theatre Arts:**
 (i) Full-Time 6-10 semesters
 (ii) Part-Time 8-12 semesters

**DEPARTMENT OF FOREIGN LANGUAGES
 Programmes Offered:**

- (a) Master of Arts (M.A.) in French
- (b) Master of Philosophy (M.phil)French
- (c) Doctor of Philosophy (Ph.D.) in French

AVAILABLE OPTIONS/SPECIALIZATIONS:

- (a) **Master of Arts (M.A.) with Specialization in:**
 (i) French Language
 (ii) French Literature
 (iii) African Literature
 (iv) Caribbean Literature
 (v) Comparative Literature
 (vi) Literary Stylistics
 (vii) Translation Studies
- (b) **Master of Philosophy (M.Phil) with Specialization in:**
 (viii) French Language
 (ix) French Literature
 (x) African Literature

- (xi) Caribbean Literature
- (xii) Comparative Literature
- (xiii) Literary Stylistics
- (xiv) Translation Studies

(c) Doctor of Philosophy (Ph.D.) with specialization in:

- (i) French Language
- (j) French Literature
- (k) African Literature
- (l) Caribbean Literature
- (m) Comparative Literature
- (n) Literary Stylistics
- (o) Translation studies

Admission Requirements:

(a) Master of Arts (M.A.) in French programmes.

A good Bachelor's degree in French or its equivalent. Candidates who obtain a minimum of 2nd Class Lower Division from other Universities shall be required to produce their academic transcripts for screening.

(b) Master of Philosophy (M.phil) in programme:

A candidate who applies for a Ph.D Programme who obtained a masters degree but with weighted Average score (WAS) of between 55.0-59.99% may be admitted into the M.phil programme in the first instance.

(c) Doctor of Philosophy (Ph.D.) programme:

Admission to the Ph.D. programme will depend strictly on the possession of a Master degree in a relevant discipline. Candidate must have a weighted average of 60% or CGPA of 3.5 minimum on a 5-point scale.

Duration of Programmes:

(a) Master of Arts (M.A.) in French programme:

- (i) 2 semesters for full-time students.
- (ii) 4 semesters for part-time students.

(b) Master of Arts (M.A.) in Translation Studies:

- (i) 2 semesters for full time students
- (ii) 4 semesters months for part-time students

(c) Doctor of Philosophy (Ph.D.) programme:

The period will normally be for a period of 4 semesters but candidates are allowed a maximum of seven years.

DEPARTMENT OF HISTORY AND INTERNATIONAL STUDIES

Programmes Offered:

- a) Master of Arts (MA) degree in History
- c) Master Degree in International History and Diplomacy (MIHD) (Full-Time)
- 2. Doctor of Philosophy (Ph.D.) in History

Admission Requirements:

I. M.A. History:

A good Bachelor's Degree (a minimum of Second Class, Lower Division with a weighted degree average 55% or GPA if 3.3 on scale 5.0 in History from the University of Benin or any other recognized University. Candidates with a degree in Education with History as the major area or a degree in other disciplines related to History may be considered for admission provided that they meet the above requirements. Such candidates will be required to take make-up courses in History as may be determined by the Department.

Duration of Programme:

The programme runs sessionally and full-time for a minimum of 2 semesters.

2.(a) MIHD: (Full-Time)

Admission Requirements:

A good First degree (minimum of Second Class, Lower Division) in History or relevant disciplines in the Humanities, Social Sciences, Law and Education. However, a candidate with a degree in an unrelated discipline but has practical experience of at least two years would be required to take prescribed remedial courses.

Duration of Programme:

The programme runs for a minimum of three semesters.

3. Ph.D. History:

Admission Requirements:

An MA in History from a recognized University, and an average of 60% in the MA examination.

Duration of Programme:

The programme runs for a minimum of 4 semesters

DEPARTMENT OF LINGUISTICS STUDIES.

Programmes Offered:

- Master of Arts (M.A.) in Linguistics
- Master of Arts (M.A.) in Linguistics/Edo Language and Literature
- Master of Arts (M.A.) in Linguistics/Igbo Language and Literature
- Doctor of Philosophy (Ph.D.) in Linguistics.
- Doctor of Philosophy (Ph.D.) in Linguistics/ Edo Language and Literature
- Doctor of Philosophy (Ph.D.) in Linguistics/igbo Language and Literature

Areas of specialization available:

- (a) Syntax
- (b) Semantics
- (c) Phonology
- (d) African Linguistics
- (e) Sociolinguistics
- (f) Applied Linguistics
- (g) Historical/Comparative Linguistics
- (h) Psycholinguistics
- (i) Phonetics
- (k) Discourse Analysis

Admission Requirements:

Master of Arts (M.A.) in Linguistics:

A good Bachelor Degree (Second Class Lower Division or above) in Linguistics from the University of Benin or any other recognized University, or such a Degree in a cognate field deemed adequate as a basis for advanced study in Linguistics (such as in a specific language, sociology, anthropology, education, mathematics or computer science), provided that a student may be required to audit specific undergraduate courses or take special remedial courses in Linguistics in areas in which the Department considers him/her deficient. A Bachelors Degree of Second Class Lower Division may be considered for admission if the weighted Degree Average is high in this Division and if the candidate has compensatory qualifications (such as a background of specific language study or experience).

Doctor of Philosophy (Ph.D) in Linguistics:

The possession of M.A. Degree in Linguistics by thesis or an M.Phil in Linguistics or a cognate discipline. Transfer of registration from the

Masters programme, on the recommendation of the Departmental Board of Postgraduate Studies, provided the candidate has obtained a grade not less than a B or 60% average in the M.A. comprehensive examination.

Duration of Programme:

- (a) **M.A programme:**
 - (i) Full-Time 4-6 semesters
 - (ii) Part-Time 6-8semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters
 - (ii) Part-Time 8-12 semesters

**FACULTY OF EDUCATION
DEPARTMENT OF ADULT AND NON
FORMAL
EDUCATION**

Programmes Offered:

Doctor of Philosophy (Ph.D) with specialization in:

- (1) M.Ed. (Adult and Non-formal Education)
- (2) M.Ed. (Rural and Community Development)
- (3) M.Ed. (Women Education)
- (4) Ph.D in Adult and Non-Formal Education
- (5) Ph.D in Rural and Community Development
- (6) Ph.D in Women Education

Admission Requirements:

M.Ed Programme:

- (a) a good honours degree in Adult Education of the University of Benin or any University recognized by the Senate.
- (b) a good honours degree in Education of the University recognized by Senate
- (c) a good honours degree in Teaching subject plus Postgraduate Diploma in Education or any other qualification which the Senate may deem suitable.

Ph.D Programme:

- (i) Posses an appropriate Master's degree in Education of the University of Benin, or any other University approved by the University of Benin Senate with a minimum average of 60% **OR**
- (ii) Shall in the case of Master degree holders without any qualification in Education, such candidates will be required to posses the PGDE.

Duration of Programme:

M.Ed:

- (a) **M.Sc programme:**
 - (i) Full-Time 3-4 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 4-6 semesters

Note: There is no examination.

DEPARTMENT OF CURRICULUM AND INSTRUCTIONAL TECHNOLOGY

PROGRAMMES OFFERED

I. MASTERS DEGREE

- A. M.Sc. Ed. In the following areas:**
 - (i) Social Studies (Full-Time)
 - (ii) Biology (Full-Time)
 - (iii) Chemistry (Full-Time)
 - (iv) Mathematics (Full-Time)
 - (v) Physics (Full-Time)
 - (vi) Computer Science (Full-Time)
- B. M.Ed in the following areas:**
 - (iii) Curriculum Studies (Full-Time)

- (iv) Instructional Technology (Full)

C. M.A. Ed in the following area:

- (i) Social Studies (Full-Time)
- (ii) English (Full-Time)

D. M.Phil

All available subjects areas (Full Time

II. PH.D. DEGREE

Available in the following area (Full Time Only)

- (i) Social Studies Education
- (ii) Curriculum Studies (Science or Maths)
- (iv) Biology Education
- (v) Chemistry Education
- (vi) Mathematics Education
- (vii) Physics
- (viii) Instructional Technology
- (ix) Language Education (English & French)

Duration of Programme

- I. (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

Admission Requirements

- i. **Masters:** A good honours degree with at least a second class lower division in education from the University of Benin or any other institution recognized by the Senate of The University of Benin in the appropriate teaching subject. Single honours degree holders must possess the Nigeria Certificate in Education or PDGE (at least at Merit level).

- II. **PH.D:** An appropriate Masters Degree in Education from the University of Benin or any other University approved by the University of Benin Senate with a Minimum of 60% average. Masters degree holders outside education must possess the PDGE (with at least merit level).

DEPARTMENT OF EDUCATIONAL EVALUATION AND COUNSELLING PSYCHOLOGY (EECP)

PROGRAMMES OFFERED

I. MASTERS DEGREE OFFERED

- (i) M.Ed. Measurement and Evaluation
- (ii) M.Ed. Counselling Psychology
- iii. M.Phil Measurement and Evaluation
- iv. M.Phil. Counselling Psychology
- v. Ph.D. Measurement and Evaluation
- vi. Ph.D. Counselling Psychology

Duration of Programme

- I. (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

Admission Requirements

- i. **Masters:** A good honours degree with second class lower in education from the University of Benin or any other institution recognized by the Senate of The University of Benin in the appropriate teaching subject. Single honours degree holders must possess the Nigeria Certificate in Education or PDGE (at least at Merit level).

II.

PH.D: An appropriate Masters Degree in Education from the University of Benin or any other University approved by the University of Benin Senate with a Minimum of 60% average. Masters degree holders outside education must possess the PDGE (with at least merit level).

DEPARTMENT OF EDUCATIONAL MANAGEMENT:

MANAGEMENT:

Programmes Offered:

- (a) Master of Educational Management (M.Ed.)
- c) Master of Philosophy (M.Phil) in Educational Management
- (e) Doctor of Philosophy (Ph.D) in Educational Management
- (f) Doctor of Philosophy (Ph.D) in Educational Planning

Admission Requirements:

(a) **M.Ed Degree programmes (Full-Time/Part-Time):**
To be admitted into the degree of Master of Educational Management and Foundation programmes, a candidate shall have either or both the following requirements:

- (i) A good honours degree in Education of the University of Benin or any University recognized by the Senate.
- (ii) A good honours degree in a teaching subject, plus a postgraduate Diploma in Education or any other qualification which the department and Senate may deem suitable.
- (iii) Teacher with the third class honours degree with at least 5 years experience may be admitted.

(b) **M.Phil Degree Programmes**

To be admitted into the Master of Philosophy programmes in Educational Management and foundations, a candidate shall have the M.Ed in Educational Management and Foundations of the University of Benin or any University recognized by the Senate with a minimum average of 55% in M.Ed degree examination, including project.

(c) **Ph.D Degree Programmes**

The admission requirements for the Ph.D degrees in Educational Administration and Educational planning include:

- (i) M.Phil degree
 - (ii) M.Ed degree with an orally defended thesis
 - (iii) M.Ed degree with project with an average score of 60%
- To be admitted to the degree of Doctor of Philosophy in Educational foundations, candidate shall:
- (i) Possess a Master Degree of the University of Benin or other recognized and approved Universities appropriate to the intended course.
 - (ii) The Ph.D candidate shall have passed; for not degree or for not less than three academic sessions (Post Master Degree) an approved course of study under a supervisor.

Duration:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
 - (ii) Part-Time 6-8semesters
- (b) M.Phil. 6 -8 semesters
- (c) **Ph.D programme:**

- (i) Full-Time 6-10 semesters
- (ii) Part-Time 8-12 semesters

DEPARTMENT OF HUMAN KINETICS AND SPORTS SCIENCE

Programmes Offered:

- (a) Master of Science Education (M.Sc. (Ed) in Human Kinetics and Sports Kinetics and Sports curriculum
- (b) Master of Science Education (M.Sc. (Ed)in Sports Management
- (c) Master of Science Education (M.Sc. (Ed)Exercise Physiology
- (d) Master of Science Education (M.Sc. (Ed)in recreation, leisure and tourism
- (e) Doctor of Philosophy (Ph.D) in Human Kinetics and Sports Kinetics and Sports curriculum
- (f) Doctor of Philosophy (Ph.D) in Sports Management
- (g) Doctor of Philosophy (Ph.D) Exercise Physiology
- (h) Doctor of Philosophy (Ph.D) in recreation, leisure and tourism

Admission requirements

Master of Science Education (M.Sc. (Ed) in Human Kinetics and Sports Kinetics and Sports curriculum

To be admitted into the Master of Science (M.Sc.) Education Degree programme, the three specialization areas in Health Education, a candidate shall possess at least a Second Class Honours, Lower Division from a recognized University in any aspects of Human Kinetics and Sports Sciences etc. Academic transcripts are required for screening. The programme is for full time. **All candidates shall be subjected to a departmental selection interview.**

Doctor of Philosophy Ph.D. in Human Kinetics and Sports Kinetics and Sports curriculum

To be eligible for admission into the Ph.D programme in Human Kinetics and Sports Sciences, the candidate shall possess a Master's degree of the University of Benin or of other recognized Universities in an area relevant to Human Kinetics and Sports Sciences. Where the Master's degree is not directly in Health Education, the undergraduate degree must be in Human Kinetics and Sports Sciences with other combinations. Students admitted under this dispensation shall be required to take and pass all Faculty and Departmental courses where there are deficiencies as verifiable from their official transcripts. All such admissions shall be regarded as "conditional admission" subject to satisfying the examiners in all the deficient courses as demonstrated by minimum of 50% in each course. If the student is not able to clear all deficiencies by the end of the first year, he/she would be asked to withdraw. In addition to the above, all candidates will be required to attend oral interview before admission and have a cumulative of 60% in the Masters Degree work.

DEPARTMENT OF HEALTH, SAFETY AND ENVIRONMENTAL EDUCATION

Programmes offered

- a) Master of Science Education (M.Sc. (Ed) in Health Education

- b) Master of Public Health Education (MPHE)
- c) Doctor of Philosophy (Ph.D.) in Health Education

Area of Specialization

- ii) Master of Science Education (M.Sc. (Ed) in Health Education
- iii) Master of Public Health Education (MPHE)
- iv) Doctor of Philosophy (Ph.D.) in Health Education

M.Sc. (Ed) in Health Education with Specialization in:

- i) School Health Education
- ii) Community Health Education
- iii) Environmental and Safety Education

Ph.D. Programmes in Health Education are in three Areas of Specialization in:

- i) School Health Education
- ii) Community Health Education
- iii) Environmental and Safety Education

Admission Requirements

To be admitted into the Master of Science (M.Sc.) in Health Education Degree Programme the three specialization areas in Health Education, a candidate shall possess at least a Second Class Honours, Lower Division from a recognized University in Health Education, or Health Education with other combinations e.g. Health and Home Economics, health and Physical Education, etc. Academic transcripts are required for screening. The programme is for full time. **All candidates shall be subjected to a departmental selection interview.**

Master of Public Education (MPHE)

Admission Requirements

To be admitted into Master of Public Health Education programme, a candidate shall possess at least a Second Class Honours, Lower Division degree in Health Education or related areas, e.g. Home Economics Education, Safety Environmental Science/Education, Biology, Microbiology, etc. from a recognized University. The programme is for full time. **All candidates for this programme must be subjected to a departmental selection interview.**

Ph.D.

Admission Requirements

To be eligible for admission into the Ph.D. programme in Health Education, the candidate shall possess a Masters degree of the University of Benin or of other recognized Universities in an area relevant to Health Education. Where the Masters degree is not directly in Health Education, the undergraduate degree must be in Health Education or Health Education with combinations. Students admitted under this dispensation shall be required to take and pass all Faculty and Departmental courses where there are deficiencies as verifiable from their official transcripts. All such admissions shall be regarded as “conditional admission” subject to satisfying the examiners in all the deficient courses as demonstrated by minimum of 50% in each course. If the student is not able to clear all deficiencies by the end of the first year, he/she would be asked to withdraw. In addition to the above, **all candidates will be required to attend oral interview before admission and have a cumulative of 60% in the Master’s Degree work.**

THE DEPARTMENT OF EDUCATIONAL FOUNDATIONS

Program Offered

(a) Masters in Educational Foundations (M.Ed) with options in:

- (i) Educational Philosophy
- (ii) Educational Sociology
- (iii) History of Education
- (iv) Comparative and International Education.
- (b) Master of Philosophy (M.Phil) in the same options listed in (a) I – iv above.
- (c) Ph.D Programmes in the same options listed in (a) i-iv above.

(d) Admission Requirements.

(a) M.Ed degree Programmes (Full-Time and Part-Time To be admitted into the degree of Masters of Educational Foundations programmes, a candidate shall have either or both of the following requirements:

- (i) Have a good honours degree in Education of the University of Benin or any University recognized by the Senate, with O/L Credit pass in English Language and Mathematics.
- (ii) Have a good honours degree in a teaching subject plus a postgraduate Diploma in Education or any other qualification which the Department and Senate may deem suitable.
- (iii) Teacher with the third class honours degree with at least 5 years experience MAY be considered for admission.

(b) M.Phil Degree Programmes (Full-Time Only)

To be admitted into the Master of Philosophy programmes in Educational Foundations, a candidate shall have the M.Ed in Educational Foundations of the University of Benin or any University recognized by the Senate with a minimum average of 55% in M.Ed degree examination, including project.

(c) Ph.D Degree Programmes (Full-Time only)

The admission requirements for the Ph.D degree in Educational Foundations include:

- (i) M.Phil degree
- (ii) M.ED degree with an orally defended thesis
- (iii) M.Ed degree with project with an average score of 60%.
- (iv) In all cases, candidates are interviewed by the Departmental Post Graduate Committee which is chaired by the Head of Department. There is no entrance examination.

DEPARTMENT OF VOCATIONAL & TECHNICAL EDUCATION PROGRAMMES OFFERED:

- (a) Master of Education (M.Ed) Business Education

- (b) Master of Education (M.Ed) Technical Education
- (c) Master of Education (M.Ed.)in Home Economics
- (d) Ph.D in Home Economics Education
- (e) Ph.D in Business Education

AVAILABLE OPTIONS/SPECIALIZATIONS:

(a) Master of Education (M.Ed) Business Education:

- (i) Office Technology & Management
- (ii) Accounting

(b) Master of Education (M.Ed) in Technical Education:

- (i) Electrical and Electronics Technology
- (ii) Mechanical Technology
- (iii) Woodwork and Building Technology
- iv. Metal work technology

(c) Master of Education (M.Ed) Home Economics Education

- i. Clothing and Textile Technology
- Food and Nutrition Technology

- (d) M.Phil in Home Economics Education**
- (e) Ph.D. in Home Economics Education**
- (f) Ph.D in Business Education.**

i. Accounting

ii. Office Technology and Management

Admission Requirements:

(a) M.Ed Business Education:

To be admitted into the Degree of Master in Business Education, a candidate must meet any of the following requirements:

- (1) A good Honours Degree in Business Education of the University of Benin or any other University approved by Senate with a minimum of 2.8 GPA.
- (2) A good Honours Degree in Business/Secretarial Administration, with a minimum of 2.8 GPA plus a Postgraduate Diploma in Education (PGDE).
- (3) HND (Upper Credit) plus Postgraduate Diploma in Technical Teacher Education. (PGDTECH)

(b) M.Ed Technical Education:

To be admitted into the degree of Master of Education in Technical Education, a candidate shall have either or both of the following requirements:

- (1) A good Honours Degree in Technical Education respectively of the University of Benin or any other recognized University with a minimum of 2.8 GPA.
- (2) First Degree in Engineering, With a minimum of 2.8 GPA plus A Postgraduate Diploma in Education (PGDE).
- (3) HND (Upper Credit) plus Postgraduate Diploma in technical Education.

(c) M.Ed in Home Economics:

To be admitted into the degree of Master of Education in Home Economics, a candidate shall have either or both of the following requirements:

- (1) A good Honours Degree (First Class Upper or Second Class Lower Division) in Home Economics Education, Food and Nutrition Education, Clothing and Textile

- Science Education with a minimum of 2.8 GPA.
- (2) HND Upper or Lower Credit in Home Economics, Food, Nutrition, Community Nutrition, Clothing and Textile Science, Hotel and Catering Management, Food Technology plus a Postgraduate Diploma in Education (PGDE).
- (3) A good Degree in Home Economics, Food and Nutrition, Home Management, Catering Science, Hotel and Catering Management, Food Technology, Clothing and Textile with a minimum of 2.8 GPA plus a Postgraduate Diploma in Education (PGDE).
- 4) Candidates with Third Class Honours in Home Economics Education and related fields who have more than 5 years teaching experience may be considered.

(d) Doctor of Philosophy (Ph.D) in Home Economics:

To be admitted into the degree of Doctor of Philosophy in Home Economics a candidate shall have either or both of the following requirements:

- (1) A Masters Degree with thesis in Home Economics Education, Food and Nutrition, Clothing and Textile Science Education from University of Benin or any other recognized University.
- (2) A Masters Degree with thesis in Home Economics or other related field from the University of Benin or any other recognized University plus NCE or PGDE.

Duration of Programmes:

(a) M.Ed (Business Education):

The duration of the Master in Business Education programme shall be for a minimum of twelve calendar months, and a maximum of 8 semesters for the full time, and a minimum of three (3) years and maximum of five (5) years during long vacation for part-time

(b) M.Ed (Technical Education):

The duration of the Master in Technical Education programme shall be a minimum of twelve (12) calendar months, and a maximum of 8 semesters for the full-time, and a minimum of (3) and maximum of five (5) years during long vacations for part-time.

(c) M.Ed (Home Economics):

The duration of the Master in Technical Education programme shall be a minimum of twelve (12) calendar months, and a maximum of 8 semesters for the full-time, and a minimum of three (3) and a maximum of five (5) years during long vacations for part-time..

(d) Ph.D (Home Economics Education):

The duration of the Ph.D programme shall be for a minimum of twenty-four (24) months

(full-time) or a minimum of thirty-six (36) months if on Part-Time.

There will be no entrance Examination.

**FACULTY OF ENGINEERING
DEPARTMENT OF CHEMICAL
ENGINEERING:**

Programmes Offered:

a) Postgraduate Diploma (PGD) in Chemical Engineering

i. A Bachelor of Engineering degree of the University of Benin or other recognised institution of higher learning with a minimum of Third Class Honours for applicants having other engineering degree. .

Or

ii. A Bachelor of Science (in physics Chemistry, Industrial Chemistry and Biochemistry) of the University of Benin or other recognised institution of higher learning with a minimum of Second Class Honours, Lower Division.

b) Masters of Engineering (M. Eng) in Chemical Engineering

Applicants with the following qualifications will be considered for admission.

i. A Bachelor of Engineering in Chemical Engineering of the University of Benin or other recognized institution of higher learning with a minimum of **Second Class Honours, Lower Division.**

Or

ii. A Postgraduate Diploma in Chemical Engineering of the University of Benin or other recognized institutions of higher learning with a minimum of **Merit** classification.

c) Doctor of Philosophy (Ph.D) in Chemical Engineering

An applicant for the Ph.D degree must possess an M. Eng with research thesis in Chemical Engineering from a recognised institution and must have at least 60%.

Duration of Programme

a) PGD: This is a full time programme. The duration of the programme is a minimum of twelve months and a minimum of Twenty four months. Lectures will be given on **weekdays.**

b) M.Eng: This is a full time programme. The duration of the programme is a minimum of twenty four months and a maximum of Forty eight months. All lectures will be given on **weekdays.**

c) Ph.D: The duration of the programme is a minimum of 36 months and a maximum of seventy-two months.

**DEPARTMENT OF CIVIL ENGINEERING
Programme offered:**

- (a) Master of Engineering (M.Eng.) in Civil Engineering
- (b) Doctor of Philosophy (Ph.D.) in Civil Engineering

(a) Master of Engineering (M.Eng) with specialization in:

- (i) Engineering Structures and Technology
- (ii) Water Resources and Environmental Health Engineering
- (iii) Transportation and Highway Engineering
- (iv) Geotechnical Engineering

(b) Doctor of Philosophy (Ph.D) with specialization in:

- (i) Engineering Structures and Technology
- (ii) Water Resources and Environmental Health Engineering
- (iii) Transportation and Highway Engineering
- (iv) Geotechnical Engineering

Admission Requirements:

(a) Master of Engineering (M.Eng) in Civil Engineering:

All candidates must normally have at least a Second Class Honours degree in Civil Engineering from the University of Benin or other recognized institutions of higher learning.

Candidates having at least a Second Class honours (Upper division) degree in other related fields of Engineering or cognate disciplines will be considered on an individual basis. Relevant industrial experience will be an advantage.

Candidates must indicate on their application their intended area of specialization.

(b) Doctor of Philosophy (Ph.D) in Civil Engineering:

The Doctor of Philosophy (Ph.D) degree is mainly by research geared towards preparing students for advanced research and academic career in the chosen areas of specialization. However, students who are found deficient in some areas may be required to take some taught courses. The total number of credits for such courses will normally not exceed 18 credits. Such candidates must pass a written qualifying examination before they can formally commence work on thesis/dissertation. The taught courses may be selected from one or more area of specialization.

Duration of Programmes:

(a) Master of Engineering (M.Eng) in Civil Engineering:

2 semesters minimum
4 semesters maximum

(b) Doctor of Philosophy (Ph.D.) in Civil Engineering:

A minimum of 4 semesters a maximum of 8 semesters for all categories of admission to the programmes.

No written examination is required for admission into any of the programmes.

**DEPARTMENT OF
ELECTRICAL/ELECTRONICS
ENGINEERING
Programmes Offered:**

- (a) M.Eng in Electrical/Electronics Engineering
- (b) Ph.D in Electrical/Electronics Engineering

Admission Requirements:

(a) M.Eng in Electrical/Electronics Engineering

The following shall be eligible to seek admission into the programme:

1. Holders of B.Eng degrees in Electrical and Electronics Engineering with First or Second Class Honours of the University of Benin
2. Holders of degrees equivalent to (1) from other recognized Universities
3. Holders of the Postgraduate Diploma in Electrical and Electronic Engineering of the University of Benin
4. Persons having any other qualifications which together with relevant experience deemed to be equivalent by the Faculty of Engineering Board of Studies and approved by Senate of the University of Benin.

(b) Ph.D in Electrical/Electronics Engineering

An applicant for the Ph.D programme must possess an M.Eng degree in Electrical/Electronic Engineering from a recognized Educational Institution and must have a weighted average of 60% or CGPA of 3.50 minimum on a 5 point scale.

Duration of Programme:

M.Eng:

The programme shall last for a minimum of 4 semesters (2years) and a maximum of 8 semesters (8months) on full-time.

Ph.D programme:

The programme shall last for a minimum of 6 semesters (3years) and a maximum of 10 semesters (5months) on full-time.

Available Options/Specialization in:

M.Eng and Ph.D:

Electronics and Telecommunication Power and Machines.

Note: No written exams is required for any of the programmes.

DEPARTMENT OF COMPUTER ENGINEERING

Programmes Offered:

- (a) Master of Engineering (M.Eng.)in Computer Engineering
- (b) Doctor of Philosophy (Ph.D.) in Computer Engineering

Admission Requirements:

(a) Master of Engineering (M.Eng) in Computer Engineering

(i) B.Eng. in computer engineering, electrical & electronics engineering with a minimum of second class honours (Upper division) from the University of Benin or other recognized institutions of higher learning.

(ii) PGD in Computer Engineering at credit level pass (i.e. 3.5 on 5.0 scale) or 60% on weighted percentage average from the University of Benin or other recognized institutions of higher learning.

(b) Doctor of Philosophy (Ph.D) in Computer Engineering:

An applicant for the Ph.D degree must possess an M.Eng with research thesis in M.Eng. in Computer Engineering, Electrical & Electronic Engineering from the University of Benin or other recognized institutions of higher learning.

Available Options/Specialization in:

M.Eng and Ph.D:

Electronics and Telecommunication Power and Machines

Admission Requirements:

M.Eng:

The following shall be eligible to seek admission into the programme:

1. Holders of B.Eng degrees in Electrical and Electronics Engineering with First or Second Class Honours of the University of Benin
2. Holders of degrees equivalent to (1) from other recognized Universities
3. Holders of the Postgraduate Diploma in Electrical and Electronic Engineering of the University of Benin
4. Persons having any other qualifications which together with relevant experience deemed to be equivalent by the Faculty of Engineering Board of Studies and approved by Senate of the University of Benin.

Ph.D:

An applicant for the Ph.D programme must possess an M.Eng degree in Electrical/Electronic Engineering from a recognized Educational Institution and must have a weighted average of 60% or CGPA of 3.50 minimum on a 5 point scale.

Duration of Programme:

M.Eng:

The programme shall last for a minimum of 2 semesters and a maximum of 8 semesters months on full-time.

Ph.D programme:

- (i) Full-Time 6-10 semesters
- (ii) Part-Time 8-12 semesters

DEPARTMENT OF PETROLEUM ENGINEERING

Programmes Offered:

1. Masters of Engineering (M.Eng) Degree in Petroleum Engineering .
2. Doctorate Degree in Petroleum Engineering (PhD)

Admission requirements

For M.Eng, Candidate must have B.Eng in Petroleum Engineering or a PGD in Petroleum Engineering

For Ph.D, Candidates must have Masters Degree in Petroleum Engineering with an average of 60%.

Duration of course

M.Eng 18 Months which P.hD, 36 – 38 months full time

Please note that there is will be entrance examination for M.Eng and Proposal Defence for

P.hD.

DEPARTMENT OF MECHANICAL ENGINEERING

Programmes Offered:

- (1) M.Eng. in Engineering Design and Manufacture
- (2) M.Eng. Industrial Metallurgy and Corrosion Management
- (3) M.Eng. Applied Energy
- (4) M.Eng. in Thermal Power Engineering
- (5) Ph.D. in Engineering Design and Manufacture
- (6) Ph.D. in Industrial Metallurgy and Corrosion Management
- (7) Ph.D. in Applied Energy
- (8) Ph.D in Thermal Power Engineering

Available Options/Specializations:

- (a) i Thermal Power Engineering
- ii Refrigeration and Air Conditioning
- iii Advanced Fluid Mechanics
- iv Head and Mass Transfer Engineering
- v. Sound and Vibration Engineering
- vi Engineering Design and Manufacture
- vii Applied Energy
- viii Industrial Metallurgy and Corrosion Management

(b) Doctor of Philosophy (Ph.D) with specialization in:

- i Thermal Power Engineering
- ii Refrigeration and Air Conditioning
- iii Advanced Fluid Mechanics
- iv Heat and Mass Transfer Engineering
- v. Sound and Vibration Engineering
- vi Engineering Design and Manufacture
- vii Applied Energy
- viii Industrial Metallurgy and Corrosion Management

Admission Requirements

For the M.Eng. programmes in Thermal Power Engineering, Refrigeration and Air Conditioning, Advanced Fluid Mechanics, Heat and Mass Transfer Engineering, Sound Vibration Engineering, Engineering Design and Manufacture and Applied Energy, to be considered for admission, a candidate shall possess a minimum of:

A Second Class Lower Division degree in Mechanical Engineering obtained from the University of Benin or any other University recognized by Senate.

For M.Eng in Industrial Metallurgy and Corrosion Management, to be considered for admission, a candidate shall possess a minimum of a Second Class Honours Degree in Metallurgy/Materials Engineering or Mechanical Engineering, Production Engineering and Chemical Engineering obtained from the University of Benin or any other University recognized by Senate, with evidence of enough exposure to Metallurgy and Materials at undergraduate level. The evidence is to be provided through the candidate's transcript.

Doctor of Philosophy (Ph.D) in Mechanical Engineering:

An applicant for the Ph.D Degree must possess an M.Eng with a research thesis in Mechanical Engineering from a recognized institution and must have a weighted average of 60% or CGPA of 3.50 minimum on a 5-point scale.

Duration:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

There will be no entrance examination.

DEPARTMENT OF PRODUCTION ENGINEERING PROGRAMMES OFFERED

- a. Postgraduate Diploma in Production Engineering (PGD). Prod E)
- b. Master of Science in Engineering Management (M.Sc. Eng Mgt)
- c. Master of Engineering in production Engineering (M.Eng.)
- d. Master of Philosophy in Production Engineering (M.Phil.)
- e. Doctor of Philosophy (Ph.D) in Production Engineering.

2.AVAILABLE OPTIONS/SPECIALIZATIONS

- a. Postgraduate Diploma in Production Engineering (PGD Prod Eng.)
- b. Master of science (M.Sc) in Engineering Management
- c. Master of Engineering with specialization in
 - i. Manufacturing Engineering
 - ii. Industrial Engineering
- d. Master of Philosophy (M.Phil.) with specialization in
 - i. Manufacturing Engineering
 - ii. Industrial Engineering
- e. Doctor of Philosophy (Ph.D) with specialization in
 - i. Manufacturing Engineering
 - ii. Industrial Engineering

3. ADMISSION REQUIREMENTS

a. Postgraduate Diploma in production Engineering (PGD.Prod.E) (Part – Time).

Applicants for this programme should be holders of:

- i. A Bachelor Degree in engineering with a minimum of third class honours.
- ii. A Bachelors Degree in relevant Science subjects with a minimum of a third class honours.
- iii. A postgraduate Diploma in Engineering of the University of Benin or from other recognised University.
- iv. A Postgraduate Diploma in relevant Science subjects.
- v. A Higher National Diploma in Engineering with a pass at the credit level.

b. Master of Science Degree (Engineering Management) (Part-Time).

Applicants for this programme should be holders of:

- i. A Bachelor's Degree in Engineering with a minimum of Second Class Honours (Lower division)
- ii. A Bachelor's Degree in relevant Science Subject with a minimum of second class Honours Lower Division and five years relevant industrial experience.
- iii. A postgraduate Diploma in Engineering of the University of Benin or its equivalent with four years relevant industrial experience.

- iv. For categories (i) and (ii) above, a write-up on relevant industrial experience will be required as appropriate.

c. M.Eng. (Manufacturing) Full time

- i. Candidates admitted into the M.Eng. (Manufacturing) Programme shall normally possess a Bachelor's Degree in Production Engineering with a minimum of Second Class Honours Lower Division or
- ii. a Bachelor's Degree in Mechanical Engineering with a minimum of second class Honours (Lower Division) and subject to remedial courses.
- iii. Professional qualifications and experience in the related field would be of added advantage.

d. M.Eng (Industrial Engineering) Full time

Candidates admitted into the M.Eng programme in Industrial Engineering shall normally possess either

- i. A bachelor's Degree in Engineering with a minimum of second class honours lower division
- ii. Professional qualifications and experience in the related field would be of added advantage.

e. M.Phil.

programme offered:

- i. Manufacturing Engineering
- ii. Industrial Engineering

Admission Requirements

Candidates for the M.Phil. degree programme must:

- i. Hold an M.Sc/M.Eng degree in Production/Industrial Engineering/Mechanical Engineering
- ii. Have an average score in the M.Eng/ M.Sc course work of between (55-59)%

f. Doctor of Philosophy

programme offered:

- iii. Manufacturing Engineering
- iv. Industrial Engineering
- v. The candidates must have at least a recognized Master Degree in Production Engineering or Industrial engineering or a related Engineering discipline with minimum weighted average of 60% or a CGPA of 3.5 on a 5 point scale.
- vi. A candidate with an honours Degree in Engineering plus Master of Science Engineering Management will qualify for PhD in Industrial Engineering
- vii. M.Phil. Degree in Manufacturing/Industrial Engineering.

4. DURATION OF THE PROGRAMMES

a. Postgraduate Diploma in Production Engineering (Part - Time)

The duration of the programme will be a minimum of twenty-four months (Four Semesters) and a maximum of five years (Ten Semesters). All lectures will be given on weekends.

b. Master of Science (Engineering Management) degree (Part-Time).

The duration of the programme will be a minimum of thirty-six months (Six Semesters) and a maximum of five years(Ten Semesters). All lectures will be given on weekends

c. M.Eng (Industrial/Manufacturing Engineering) Full - Time

The programme is scheduled to be completed in a minimum period of twenty-four months (Four Semesters) and a maximum of 48 months (Eight semesters).

d. Master of Philosophy (M. Phil) Full - Time
M.Phil. (Full Time) 12-24 months

e. Doctor of Philosophy

The programme will last for a minimum period of 2 years (24 months) for Full - Time candidates and 3 years (36 months) for Part - Time candidates. And the Programme should not exceed a period of 7 years (84 months) for Full - Time candidates and 8 years (96 months) for Part - Time candidates.

5. ENTRANCE EXAMINATION

No entrance examination in all the programmes.

INSTITUTE OF EDUCATION

Programmes Offered:

- (a) Postgraduate Diploma in Education (PGDE) Full-Time
- (b) Postgraduate Diploma in Education (Long Vacation Part Time)
- (c) Postgraduate Diploma in Technical Education PGDTED (Full Time)
- (d) Postgraduate Diploma in Technical Education PGDTED (Long Vacation Part Time)

Admission Requirements:

(a) Postgraduate Diploma in Education (PGDE) (Full-Time):

The required entry qualification for the Postgraduate Diploma in Education (PGDE) Full-Time Programme is a Bachelor's Degree in teaching subjects from a recognized University. Candidates with two or more years of teaching experience stand at an advantage.

Duration of Programme:

One academic session of two semesters.

(b) Postgraduate in Education (Long Vacation Part-Time):

The required entry qualification for the Postgraduate Diploma in Education (PGDE) Part Time Programme is a Bachelor's Degree in teaching subjects from a recognized University. Candidates with two or more years teaching experience stand at an advantage.

Duration: Two long vacations.

(c) Postgraduate Diploma in Technical Education (PGDTED) (Full-Time):

- (i) HND in any relevant discipline obtained from any recognized Institution or other Institutions approved by the University.
- (ii) A degree in Technical subject obtained from a recognized University.

Duration of Programme:

One academic session of two semesters.

Admission Requirements:

- (i) H.N.D. in any relevant discipline obtained from any recognized Institution or any other Institutions approved by the University.
- (ii) A degree in technical subject obtained from a recognized University.

INSTITUTE OF PUBLIC ADMINISTRATION AND EXTENSION SERVICES:

Programme Offered:

- (i) **MASTERS IN HEALTH PLANNING AND MANAGEMENT (MHPM)**
To be admitted into the degree of Masters in Health Planning and Management, a candidate shall:

Admission Requirements:

- (a) hold an honours first degree in Health Planning and Management or related fields **OR**
- (b) have an honours degree in a discipline other than Health Planning and Management plus at least 3 years experience in Health Planning, Research and Statistics or other relevant Department after graduation; **OR**
- (c) hold an honours first degree in other disciplines but must in addition possess a Postgraduate Certificate or Diploma in Health Planning and Management or related fields from recognized institutions.
- (d) A pass degree in Health Planning and Management or any Related Discipline in addition 3 years' experience
- (e) Any other qualification approved by senate of the University.

Duration:

The duration of the programme will be a minimum of 12 months and maximum of 48 months. It is a full time programme.

Entrance Examination: Entrance Examination is not required for admission; the candidates shall be selected on qualifications and other requirements.

(ii) **POSTGRADUATE DIPLOMA IN PUBLIC ADMINISTRATION (PGDPA)**

Admission Requirements:

- (a) A University degree, HND or its equivalent, minimum 3rd Class
- (b) In addition the applicant must have one year administrative/work experience.

Duration:

The duration of the programme is 2 semesters. **It is a full time programme.**

Entrance Examination: There is no entrance examination. The candidates shall be short listed based on their level of pass in a degree or higher diploma examination and must have done one year NYSC or show a letter of exemption from the relevant authority.

FACULTY OF LAW

Programme Offered:

- (a) Master in Law (LL.M)
- (b) Master in international Law and Security (MILS)
- (b) Doctor of Philosophy (Ph.D.)

Available Options (Specialization):

- (a) Masters in Law (LL.M)
- (b) Doctor of Philosophy (Ph.D. in Law)

Admission Requirements

(a) **Masters in Law (LL.M):**

In addition to the general regulations and guidelines on admission, a candidate shall normally possess a minimum of good First degree in Law (LL.B) not below a Second Class Lower division, from this University or any other University recognized by the Senate of this University. He is also required to pass an entrance examination.

Notwithstanding regulation above, an applicant may be required as a condition for admission to undergo such test and/or interview as may be prescribed by the Faculty or to take such other prerequisite or concurrent studies required by the Faculty shall be subject to the faculty overall control.

(b) **Masters in International Law and Security(M.I.L.S.)**

i) It is opened to graduate in law, social sciences,, education sciences and the humanities with at least a second class degree from any recognized Institution or other Institutions approved by the University. No entrance exams for admission

(b) **Doctor of Philosophy (Ph.D.) in Law:**

An applicant for the Ph.D. degree must possess the LL.M. degree of this University or any other University recognized by the Senate of this University, with a minimum of 60% average in the LL.M. result.

Notwithstanding regulation above, an applicant may be required to undergo such test and/or interview as may be prescribed by the Faculty or to take such other prerequisite or concurrent studies required by the Faculty shall be subject to the faculty overall control.

Duration of Programme:

(a) **Masters in Law (LL.M) (Part-Time & Full-Time):**

The Part-Time Programme is to run for a minimum period of 4 semesters while the Full-Time Programme is to run for 2 semesters.

(b) **Doctor of Philosophy (Ph.D.) in Law**

Ph.D programme:

- (i) Full-Time 6-10 semesters
- (ii) Part-Time 8-12 semesters

**FACULTY OF LIFE SCIENCES
DEPARTMENT OF ANIMAL AND ENVIRONMENTAL BIOLOGY**

Programmes Offered:

PROGRAMMES OFFERED:

- a) Postgraduate Diploma in Natural Resource Management (NRM) - PART - TIME
- b) Master in Animal and Environmental Biology (AEB) - FULL - TIME
- c) Master in Environmental Quality Management (EQM) - PART - TIME
- d) Doctor of Philosophy in Animal and Environmental Biology (AEB) FULL - TIME

AVAILABLE OPTIONS/SPECIALIZATION

- (a) Post Graduate Diploma (PGD) in Natural Resources Management
- (b) M.Sc in Animal and Environmental Biology with specialization in
1. Entomology
 2. Parasitology
 3. Physiology/Ecotoxicology
 4. Hydrobiology and Fish Biology
 5. Wildlife Ecology
- (c) M.Sc in Environmental Quality Management with specialization in
1. Biodiversity and Conservation Biology
 2. Pollution Studies and Ecotoxicology
- (d) Ph.D. in Animal and Environmental Biology with specialization in

1. Entomology
2. Parasitology
3. Physiology/Ecotoxicology
4. Hydrobiology and Fish Biology
5. Wildlife Ecology

ADMISSION REQUIREMENTS

A. PGD

Applicants should be holders of

- i. First degree in any related discipline.
- ii. Relevant HND with upper credit pass
- iii. Relevant HND with lower credit pass with a minimum of five (05) years of working experience. Such applicants may be required to provide a letter of relevance from his/her employer and undergo a selection process.
- iv. Candidates who have applied for M.Sc. programmes but do not meet the requirements may be recommended for the PGD programme provided they qualify as above.

B. M.Sc

Applicants for the M.Sc in Animal and Environmental Biology (AEB) and M.Sc. in Environmental Quality Management (EQM) should possess

- i. A first or second-class Honors degree in Animal and Environmental Biology/Zoology from the University of Benin or other recognized University (for AEB)
- ii. A first or second-class Honors degree in a related discipline but such candidates upon admission will be required to undertake certain remedial courses (for AEB and EQM).
- iii. At least a credit pass in the Postgraduate Diploma in Natural Resources management (for EQM).
- iv. Other qualifications and or experience demanded by the Senate of the University of Benin to be adequate and satisfactory.

C. Ph.D

Applicants for the Ph.D in Animal and Environmental Biology (AEB) must possess an

- i. M.Sc. (with a research thesis) in Animal and Environmental Biology/Zoology from the University of Benin or any other recognized University
- ii. The M.Sc degree must have a weighted average of 60% and above

DURATION OF PROGRAMME

- a. PGD: This programme is designed for three consecutive semesters (18 months)
 - b. M.Sc: The full-time programme is 18 months while the part-time programme is 24-36 months.
 - c. Ph.D: between 36 and 48 months.
- The school of post-graduate studies may approve an extension where necessary.

DEPARTMENT OF PLANT BIOLOGY AND BIOTECHNOLOGY

Programmes Offered:

- (a) Master of Science
- (b) Master of Philosophy
- (c) Doctor of Philosophy

Available Options/Specializations:

- (a) **Master of Science:**
 - (i) Biology of Parasitic flowering plants
 - (ii) Biosystematics
 - (iii) Cell Biology
 - (iv) Ecology
 - (v) Environmental Plant Physiology
 - (vi) Genetics
 - (vii) Limnology and Algology
 - (viii) Mycology/Plant Pathology
 - (ix) Plant Diversity and Conservation
 - (x) Plant Physiology and Biochemistry
 - (xi) Phytomedicine
 - xii. Biology of Parasitic flowering plants
- (b) **Master of Philosophy:**
 - (i) Biology of Parasitic flowering plants
 - (ii) Biosystematics
 - (iii) Cell Biology
 - (iv) Ecology
 - (v) Environmental Plant Physiology
 - (vi) Genetics
 - (vii) Limnology and Algology
 - (viii) Mycology/Plant Pathology
 - (ix) Plant Diversity and Conservation
 - (x) Plant Physiology and Biochemistry
 - (xi) Phytomedicine
- (c) **Doctor of Philosophy:**
 - (i) Biosystematics
 - (ii) Cell Biology
 - (iii) Ecology
 - (iv) Genetics
 - (v) Limnology and Algology
 - (vi) Mycology/Plant Pathology
 - (vii) Plant Physiology and Biochemistry
 - (viii) Biology of Parasitic flowering plants
 - (ix) Plant Diversity and Conservation
 - (x) Phytomedicine
 - (xi) Environmental Plant Physiology

Admission Requirements:

 - (i) **M.Sc.:** Any graduate with a minimum of B.Sc. Second Class Lower Division (Honours) degree in Plant and Biotechnology of Botany of this University or who holds an equivalent from any other recognized Universities or Institutions may be considered for admission to the degree of Master of Science.
 - (ii) **M.Phil:** Candidates on the M.Sc. Programme who score with a minimum average of 60% or B in the course-work examination and who also obtained a minimum of 60% in a seminar presented to the Departmental Board will be qualified to pursue the degree programme for Master of Philosophy. Candidates with M.Sc. degree in Plant Biology and Biotechnology or Botany of this University or any other recognized University who may not have earned an average score of 60% or B in the Master's Programme may be recognized for admission into the M.Phil degree programme.
 - (iii) (a) **Ph.D.:** Candidates possessing qualification (ii) above can proceed to the Ph.D degree programme by transfer (see below), or having satisfactorily completed the M.Phil. Degree or if they possess a Master's

degree by research from another University provided they scored a minimum average of 60% in their course work.

(b) Transfer: An M.Phil candidate who has given a seminar assessed (with at least 60% by the Departmental Postgraduate Committee) may transfer to the Ph.D programme at the end of one session. The candidate may still continue with that same research on a more intensive and/or extended scale.

DEPARTMENT OF BIOCHEMISTRY:

Programmes Offered:

- (a) Master of Science (M.Sc.)
- (b) Master of Philosophy (M.Phil)
- (c) Doctor of Philosophy (Ph.D.)

Available Options/Specialisations:

- a) Protein Chemistry and Enzymology
- b) Master of Philosophy in:
 - (i) Protein Chemistry and Enzymology
 - (ii) Medical and Clinical Biochemistry
 - (iii) Toxicology and Environmental Biochemistry
 - (iv) Ethno-Biochemistry
 - (v) Nutrition and Food Chemistry
 - (vi) Plant Biochemistry
 - (vii) Biotechnology
- (c) **Doctor of Philosophy (Ph.D) in:**
 - (i) Protein Chemistry and Enzymology
 - (ii) Medical and Clinical Biochemistry
 - (iii) Toxicology and Environmental Biochemistry
 - (iv) Ethno-Biochemistry
 - (v) Nutrition and Food Chemistry
 - (vi) Plant Biochemistry
 - (vii) Biotechnology

Admission Requirements:

- a) **Master of Science:** Applicants for this programme should be holders of a first degree in Biochemistry, Chemistry, Botany, Environmental Science, Optometry, Microbiology and other relevant science area, with a minimum pass of Second Class Lower division (2⁺).
- I). Applicant who satisfy (a) above would be expected to attend an interview at the Department as part of the selection process.
- b) **Master of Philosophy** Holders of Master of Science (M.Sc) degree in Biochemistry from this University or any other University who scored an overall average of not less than 50% and not up to 60% in their course work at the Master level.
- c) **Doctor of Philosophy:** Applicants for this programme should be:
 - (i) Holders of a Master of Philosophy (M.Phil) degree with a research thesis in Protein Chemistry and Enzymology, Medical/ Clinical Biochemistry, Toxicology/ Environmental Biochemistry, Ethno-Biochemistry, Nutritional/Food Chemistry.
 - (ii) Holders of Masters of Science (M.Sc.) degree with weighted average of 60% and/or above Cumulative Grade Point Average (CGPA) of 3.50 minimum on a 5-point scale.

Duration of Programmes:

- (a) **Master of Science (M.Sc.)**

The programme is designed to last for two consecutive semesters. The course runs full-time i.e. 12 months minimum.

- (b) **Master of Philosophy (M.Phil):**

Full-time	12 months
Part-time	18 months

(c) **Ph.D programme:** 24-60 months

Note: Graduates of part time programmes are not eligible to apply. NYSC discharge certificate is a compulsory requirement.

DEPARTMENT OF MICROBIOLOGY

PROGRAMMES OFFERED:

- (a) Part Time Postgraduate Diploma in Microbiology (PGDM)
- (b) Master of Science (M.Sc) in Microbiology
- (c) Master of Philosophy (M.Phil) in Microbiology
- (d) Doctor of Philosophy (Ph.D) in Microbiology

AVAILABLE OPTIONS/SPECIALIZATIONS:

A. Part Time Postgraduate Diploma in Microbiology (PGDM) with specialization in:

- (i) Environmental Public Health Microbiology
- (ii) Food and Industrial Microbiology
- (iii) Medical Microbiology

A. Master of Science (M.Sc) in Microbiology with specialization in:

- (i) General Biology
- (ii) Environmental and Public Health Microbiology
- (iii) Food and Industrial Microbiology
- (iv) Brewing Science
- (v) Pathogenic Microbiology
 - (a) Plant Pathogenic Microbiology
 - (b) Animal Pathogenic Microbiology
- (vi) Immunology and Immunochemistry
- (vii) Microbial physiology and biochemistry

B. Master of Philosophy (M.Phil) with specialization in:

- (i) General Biology
- (ii) Environmental and Public Health Microbiology
- (iii) Food and Industrial Microbiology
- (iv) Brewing Science
- (v) Pathogenic Microbiology
 - (a) Plant Pathogenic Microbiology
 - (b) Animal Pathogenic Microbiology
- (vi) Immunology and Immunochemistry
- (vii) Microbial physiology and biochemistry

C. Doctor of Philosophy (Ph.D) with specialization in:

- (i) General Biology
- (ii) Environmental and Public Health Microbiology
- (iii) Food and Industrial Microbiology
- (iv) Brewing Science
- (v) Pathogenic Microbiology
 - (a) Plant Pathogenic Microbiology
 - (b) Animal Pathogenic Microbiology
- (vi) Immunology and Immunochemistry
- (vii) Microbial physiology and biochemistry

ADMISSION REQUIREMENT:

- A. Postgraduate Diploma in Microbiology (PDM)
- Holder of Bachelor of Science (B.Sc) degree (at least third class degrees) in Microbiology from the University of Benin or any other University recognized by Senate.
 - Holder of B.Sc (Hons.) degrees (at least third class honors) in related fields of study from this University or any other recognized by Senate.
 - Candidates with qualifications and experience deemed adequate may also be considered for admission.
 - HND in Microbiology with a minimum of upper credit pass.
- B. Master of Science (M.Sc) Degree:
- Holder of Bachelor of Science (B.Sc) degree (at least Second Class Honours) in Microbiology from the University of Benin or any other University recognized by Senate.
 - Holder of B.Sc (Hons.) degrees (at least Second Class Honours) in related fields of study from this University or any other recognized by Senate.
 - Candidates with qualifications such as Fellow of Institute of Medical Laboratory Technology (FIMLT) whose qualifications and experience are deemed adequate may also be considered for admission. These candidates shall register for and pass the following undergraduate courses in addition to the prescribed postgraduate courses: MCB310, MCB410 and MCB412.
 - Candidates who are holders of HND in Microbiology and low grade degree (Third Class) in related fields of study from this University or any other recognized by Senate will be qualified for the pursuit of Masters degree after successfully completing PGDM programme with an overall result of B (60%) and above.
- C. Master of Philosophy (M.Phil) Degree:
- Holder of Master of Science (M.Sc) degree in Microbiology from this University or any other University who scored an overall average of between 57% and 60% in their course work at the Master level.
 - Candidates admitted for a PhD programme in Microbiology in this department but are unable to complete the programme may be considered for the award of an M.Phil degree.
- D. Doctor of Philosophy (Ph.D) with specialization in:
- Candidate with a Master of Science (M.Sc) degree in Microbiology from this or any other University recognized by Senate. Such candidates must have earned an average score of 60% in the course work at the Master level.
 - Candidates with a Master of Philosophy (M.Phil) degree in Microbiology from this or any other recognized University.

DURATION OF PROGRAMME:

- PDM: Part Time – 2 – 4 semesters
- M.Sc: Full Time – 2 – 4 semesters
- M.Phil: Full Time – 2 – 4 semesters
- PhD: Full Time – 4 – 8 semesters

DEPARTMENT OF OPTOMETRY

Areas of Specialization:

- M.Sc. Vision Science
- M.Sc. Ocular Health

Admission Requirements:

- A good first degree (GPA 2.5 and above) in Vision Science, Ocular Health Optometry, Doctor of Optometry Degree.
- Other suitable qualifications relevant to Optometry from the University of Benin or any other University may be considered

Duration of Programmes:

The Duration of the M.Sc. programme shall be a minimum of 2 semesters

- Ph.D in Vision Science**
- Ocular Health:**

Admission Requirement:

A Master's Degree (60% average) in Vision Science or Ocular Health.

FACULTY OF MANAGEMENT SCIENCES

DEPARTMENT OF BANKING AND FINANCE:

Programmes Offered:

- M.Sc. Finance (Full-Time):
- MBF (Banking and Finance)(Part-Time):
- Master of Philosophy (Finance)Mphil
- Doctor of Philosophy in Finance . Full Time

Admission Requirements:

(a) Masters in Banking and Finance (MBF) Part-Time programme only:

Admission Requirement:

Candidates for admission shall be holders of:

- Bachelor degree from the University of Benin or/from other University recognized by the Senate of University of Benin with at least 1 year post qualification experience in any financial institution or department. Insurance or Financial/Treasury officers in public and private Corporations also qualify. A third class degree is not acceptable except with a PGD.
- One of the following qualifications or the equivalent with at least 3 years post qualification practical experiences.
 - CIB
 - ACCA
 - ACA
 - ACIS
 - ACMA
 - ACII

An Upper Credit in HND in Banking and Finance, Accounting/Business studies with at least 5 years post qualification experience in a financial institution.

Candidates may also be required to undertake and pass a pre-admission selection examination and/or

interview for the Programme. **Please indicate you elective area when applying and your e-mail address/telephone.**

(b) M.Sc (Finance) (Full-Time Only):

Candidates for admission into the M.Sc. programme in the department must have a good Bachelor's degree with a minimum of a Second Class Lower Division in Banking & Finance, Economics (or related disciplines), and must have fulfilled the N.Y.S.C. requirement. Candidates may also be required to undertake and pass a pre-admission selection examination and/or interview for the Programme.

Please indicate your e-mail address/telephone when applying.

(a) Doctor of Philosophy in Finance (Ph.D. Finance) (Full-Time):

Admission Requirement:

The Ph.D. Finance programme is an intensive programme developed to train top academia and researchers. Admission therefore shall be opened to candidates with good First degrees from relevant academic discipline and M.Sc. Finance, Insurance, Accounting, Financial Economics and other relevant discipline with proven ability to acquire the tools of financial econometrics and research. **No applicant with an average M.Sc. pass of less than 60% will be registered (transcript and NYSC certificate must be provided).** First degree candidate would be required to first complete the M.Sc. Financial Management before being considered for the Ph.D. in Finance. Candidates will be required to undertake and pass a pre-admission selection test and/or interview for the Programme. Those candidates who do not have the M.Sc. Finance or M.Sc. Financial Economics degree may be required to take qualifying examinations or foundation courses in Banking & Finance. **Please indicate your e-mail address/telephone when applying.**

DEPARTMENT OF BUSINESS ADMINISTRATION

PROGRAMMES OFFERED:

- Doctor of Philosophy (Ph.D.)
- Master of Philosophy in Business Administration (M.Phil)
- M.Sc. Programmes
- Postgraduate Diploma in Business Management (PGDM) (Part Time)

Note: MBA full time and Part time No admission for 2018/2019 academic session.

Doctor of Philosophy (Ph.D) Programmes:

Admission Requirements:

Admission shall be open to candidates with good First degrees (that is, a minimum of Second Class Lower division) and a Masters Degree (M.Sc.) in the relevant academic disciplines under the University of Benin or any other recognized university. Proven ability to apply the tools of business research will also be considered. Candidates who have an HND (with not lower than Credit Pass) in the relevant area from a recognized Polytechnic and who have also obtained the Post Graduate Diploma in Business Management (PGDBM) from the University of Benin and, in addition a relevant master degree (as stated above), may also be considered for admission into the programme. In addition, to be admitted to the PhD

programme, a candidate must have at least an average of 60% or an average of B in the relevant degree (as stated above). Candidates applying for the Ph.D. programme may be required to take qualifying examinations or foundation courses in Business Administration.

Duration of Programme

A minimum of three (3) years shall be required for candidates with first degree and a minimum of two (2) years for candidates with Master's degree.

MASTER OF PHILOSOPHY IN BUSINESS ADMINISTRATION (MPHIL) PROGRAMME

Admission Requirements

- Candidates applying for M.Phil. Programme in Business Administration are expected to possess a Master of Science (M.Sc) degree in Business Administration with a minimum average of between 55% - 59% from the University of Benin or any other University approved by the Senate of the University of Benin;
- In exceptional cases, holders of at least Master's Degree in Management Sciences and Social Sciences are eligible to apply, provided they possess a first degree in Business Administration or related discipline not below Second Class Lower division. Such candidates must make up for the deficiencies in core Business Administration courses at the appropriate lower level(s) in Business or at M.Sc Level;
- Candidates may be required to satisfy the department in an oral interview or written examination or both prior to admission.
- All M.Phil degree programme of the department is by thesis.

Duration of Programme

The course is one year programme followed by a defended thesis and would be done on a full time basis.

Master of Science (M.Sc.) Programmes in Business Administration

The M.Sc. in Business Administration Programmes is undertaken in four functional areas:

- Human Resources Management
- Marketing Management
- Operations Management, and
- Global Business Management

Admission Requirements:

Candidates for admission into the various M.Sc programme in the department must have a good Bachelor's degree with a minimum of a Second Class Lower Division in Business Administration (or related disciplines) from the University of Benin or other recognized university. Candidates with HND in the relevant area from a recognized Polytechnic who have obtained the Post Graduate Diploma in Business Management (PGDBM) from the University of Benin and, in addition an MBA from the University of Benin or any other recognized university may also be considered for admission to the programme.

Duration of Programme:

The programmes consist of course work and defended thesis. Each programme has a minimum of (18) calendar months and a maximum of forty-eight (48) calendar months for full-time students. The M.Sc. programmes shall be available for full-time candidates only.

Postgraduate Diploma in Business Management (PGDM)

Admission Requirements

A degree in any discipline obtained from a recognised University or an acceptable equivalent qualification, coupled with a minimum of one year post-graduation experience. Holders of HND in any discipline from a recognized polytechnic with not lower than credit pass may also apply.

Duration of Programme

The programme is offered on a part-time basis in 12 months, i.e. One calendar year of three terms. A candidate is allowed a maximum of three years.

FACULTY OF PHYSICAL SCIENCES

DEPARTMENT OF CHEMISTRY

Programme Offered:

- M.Sc.
- M.Phil
- Ph.D

Available Options/Specialization

- Master of Science (M.Sc) in Chemistry/Industrial Chemistry with specialization in:
 - Analytical Chemistry
 - Colour Chemistry
 - Environmental Chemistry
 - Food Chemistry
 - Inorganic Chemistry
 - Medicinal Chemistry
 - Mineral Processing
 - Solution and Gas Kinetics
 - Organic Chemistry
 - Physical Chemistry
 - Polymer Science
 - Textile Chemistry
- Master of Philosophy (M.Phil) with specialization in (i-xii) above
- Doctor of Philosophy (Ph.D) with specialization in (i-xii) above

Admission Requirements:

(a) M.Sc. Degree:

Candidates for the M.Sc. degree programme must hold:

- good honours degree with at least a minimum of Second Class in Pure/Applied/Industrial Chemistry from any University recognized by the National University Commission (NUC).
- qualifications deemed equivalent by the Departmental Postgraduate Committee (DPGC):
 - *B.Sc. Biochemistry
 - *B.Ed. Chemistry
 - *B.Sc. Chemistry
 - *B.Agric. (Agriculture)
 - *B.Sc. Applied Physics
 - *B.Eng. (Chemical Engineering)

(All with a minimum of Second Class Honours). Candidates with Third Class degree in the above Chemistry based courses must also have acceptable postgraduate diploma in a field regarded as

appropriate for the proposed postgraduate research in Chemistry/Applied Chemistry.

*Chemical Technology *Chemical Engineering
 *Colour Chemistry *Food Technology
 *Industrial Chemistry *Polymer Chemistry
 *Material Science *Polymer Technology
 *Textile Technology

NOTE: As and where appropriate, and on the advice of the supervisor and the Departmental Postgraduate Programme Committee (DPGC), a candidate must take and pass remedial courses, to make for any deficiencies in his/her qualification. However, credits accruing therefrom will not be used for computing his/her postgraduate degree results.

(b) Master of Philosophy (M.Phil):

- hold an M.Sc degree in Chemistry
- have an average score in the M.Sc course work of between (55 – 59.9)%

(c) Doctor of Philosophy (Ph.D) in Chemistry:

An applicant for the Ph.D degree must:

- Pass an M.Sc degree in Chemistry from a recognized institution and must have a weighted average score of 60% and above in the course work.
- Possess an M.Sc or M.Phil degree in chemistry from a recognized University by the NUC.

Duration of Programmes:

- M.Sc: Full Time – 4 – 6 semesters
- M.Phil: Full Time – 2 – 4 semesters
- Ph.D programme:**
 - Full-Time 6-10 semesters

The School of Postgraduate Studies may approve an extension where necessary.

DEPARTMENT OF COMPUTER SCIENCE

Programmes Offered:

- Postgraduate diploma (PGD) in computer science.
- Master of Science (M.Sc.) in Computer Science
- Doctor of Philosophy in computer science.

Areas of specialization

- Post Graduate Diploma (PGD)
- Master of science (M.Sc) with specialization in :
 - Operating system and system programming
 - Computer Methodology
 - Database/computer information system
 - Advanced software development
 - Artificial intelligence & Expert systems
 - Theoretical computational techniques
- Doctor of philosophy (Ph.D) with specialization in:
 - Operating system and system programming
 - Computer Methodology
 - Database/computer information system
 - Advanced software development
 - Artificial intelligence & Expert systems
 - Theoretical computational techniques

Admissions Requirements:

- Postgraduate Diploma (PGD) in Computer Science (Part-Time):**

Applicants must have at least a third class honours of the University of Benin or any other recognized institution. Holders of HND with at least credit, or ACCA, ICCA, ICAN, AIB or other equivalent professional qualifications with relevant industrial experience of a minimum of two years may be considered.

Qualifying Examination:

There may be a qualifying written examination for all candidates seeking admission into the part-time postgraduate programme in Computer Science only when the number of applicants is in excess of one hundred (100). Admission will be finally determined by the performance of the candidate in this examination.

(b) Master of Science (M.Sc.) in Computer Science (Full Time):

(i) Candidates for the M.Sc. programme must have at least a Second Class Lower Division, B.Sc. Hons. degree with an average GPA of 3.0 and above in Computer Science, Computer Engineering or Computer Information Systems from the University of Benin or any other University of recognized standing.

(ii) Candidates with Second Class Lower Division, B.Sc (Hon) degree and above in Engineering or Mathematics or Physics with an average GPA of 3.0 and above may be considered for admission and such candidate will be required to make up for any deficiencies in their preparation by taking and passing the following undergraduate courses: CSC314, CSC313, CSC316, CSC411, CSC432 and CSC211.

(c) Master of Philosophy (M.Phil) in Computer Science:

This is based on a research for a minimum of 12 months and a maximum of 24 months. To be eligible for admission, a candidate must have a Master's degree in Computer Science.

(d) Doctor of Philosophy (Ph.D) in Computer Science:

An applicant for the PhD degree must possess an M.Sc. with a research thesis in Computer Science from the University of Benin or any other recognized institution and must have a weighted average of 60% in addition to any other criteria as determined by the Department.

Duration of Course:

- (i) **PGD:** the programme is designed to last for four consecutive semesters. The course runs part time 24 months minimum and a maximum of 48 months.
- (ii) **M.Sc.:** full time minimum of 18 months and a maximum of 48 months.
- (iii) **M.Phil:** This is based on research for a minimum of 12 months and a maximum of 24 months.
- (iv) **Ph.D programme:** minimum of 24 months and maximum of 48 months. The school of postgraduate studies may approve an extension where necessary. 67

DEPARTMENT OF GEOLOGY

Programmes Offered:

- (i) Master of Science (M.Sc.) in Geology
- (ii) Master of Philosophy (M.Phil) in Geology
- (iii) Doctor of Philosophy (Ph.D) in Geology

Available Options/Specialization:

- (a) Master of Science (M.Sc) with specialization in:
 - (i) Mineral Exploration
 - (ii) Environmental Geoscience
 - (iii) Petroleum Geology
 - (iv) Sedimentology/Sedimentary Geology
 - (v) Biostratigraphy
 - (vi) Hydrogeology
 - (vii) Applied Geophysics
 - (viii) Engineering Geology
- (b) **Master of Philosophy (M.Phil) with specialization in:**
 - (i) Applied Geochemistry
 - (ii) Environmental Geochemistry
 - (iii) Economic Geology
 - (iv) Applied Geophysics
 - (v) Petroleum Geology
 - (vi) Sedimentology/Geology
 - (vii) Palynology/Micropaleontology
 - (viii) Hydrogeology
 - (ix) Engineering Geology
 - (viii) Mineral Exploration
 - (ix) Geology

Doctor of Philosophy (Ph.D) with specialization in:

- (i) Applied Geochemistry
- (ii) Environmental Geochemistry
- (iii) Economic Geology
- (iv) Applied Geophysics
- (v) Applied Petroleum Geology
- (vi) Sedimentology/Geology
- (vii) Palynology/Micropaleontology
- (viii) Hydrogeology
- (ix) Engineering Geology
- (x) Mineral Exploration
- (xi) Geology

Admission Requirements:

- (a) **Master of Science Geology:**
The Master degree programme is open to only graduates with good first degree in Geology or Geoscience from a University recognized by the Senate. In special cases, students with lower classes of degree, but with relevant professional experience, may also be considered for admission. All students shall be assigned one or more supervisor(s) at the time of registration in their intended area of specialization. Within 9 months of registration, a Master candidate shall select a specific topic for his/her thesis/project after due consultations with his/her supervisor(s). A change of supervisor for a candidate maybe permitted only within 9 months of registration.
- (b) **Doctor of Philosophy (PhD) in Geology:**
The Doctorate Degree Programme is open to graduates with a degree of Master of Science of Philosophy in Geology or any appropriate and related field from the University of Benin or any other University recognized by the Senate. A candidate initially registered for the Master Degree Programme in Geology may be transferred to the degree of

Doctor of Philosophy in accordance with the University's postgraduate regulations and subject to satisfactory report from the candidate's supervisor(s)

Duration of Programme:

Full-Time study for the award of degree of Ph.D. in Geology shall normally last for a minimum period of 4 semesters for a candidate with a Master of Science Degree and a minimum of 18 months for a candidate with a Master of Philosophy Degree. Part-time students are expected to complete their programme in not less than 8 semesters for the M.Sc. degree holder and 36 months for M.Phil degree holder.

CENTER OF EXCELLENCE IN GEOSCIENCES (COE)

Masters of Science in

- a) Integrated Petroleum Exploration and Evaluation Studies (Geology or Geophysics option)
- b) Integrated Petroleum Engineering and Production Studies

Admission Requirements

- i) Review and assessment of academic standard of prospective students
- ii) Ability to meet minimum entry requirement – second-class upper(minimum CGPA 4.0) in geology, geophysics, or petroleum engineering
- iii) Suitability of the candidates for industry placement based on industry ratings of capacity, achievement and relationship skill.
- iv) Applicants in other disciplines in Physical sciences and engineering with the requisite class of degree would be considered subject to their suitability to take necessary remedial undergraduate courses.

DEPARTMENT OF MATHEMATICS

Area of Specialization:

M.Sc and M.Phil in:

- Pure Mathematics
- Applied Mathematics
- Industrial Mathematics

Ph.D in:

- Pure Mathematics
- Applied Mathematics
- Industrial Mathematics

Available Options/specialization:

- (a) Master of Science (M.Sc), Master of Philosophy (M.Phil), with specialization in:
 - **Pure Mathematics;**
 - (i) Algebra
 - (ii) Semigroup
 - (iii) Functional Analysis
 - (iv) Ergodic Theory
 - **Applied Mathematics**
 - (i) Mathematical Physics
 - (ii) Continuum Mechanics
 - (iii) Fluid Mechanics and Geophysics
 - **Industrial Mathematics**
 - (i) Statistics
 - (ii) Numerical Analysis
 - (iii) Optimization Theory
 - (iv) Operations Research

- (b) Doctor of Philosophy (Ph.D) with specialization in:
- **Pure Mathematics**
 - (i) Algebra
 - (ii) Semigroup
 - (iii) Functional Analysis
 - (iii) Ergodic theory

Admission Requirements:

M.Sc:

Prospective candidates for the M.Sc/M.Phil in Mathematics or Industrial Mathematics must attain a minimum of Second Class Honours degree in Mathematics from a recognized University. Candidates with a minimum of second-class honours degree in a related discipline may be admitted. Such candidate may be required to first undergo a prescribed preliminary course of studies of possibly up to two semesters duration and earn a minimum of 24 credit selected from the 400 level Mathematics courses. The candidates in this category are admitted in the Pre-M.Sc class.

M.Phil:

A prospective candidate for the M.Phil/Ph.D degree must possess an M.Sc. appropriate to the intended course from a recognized institution. To be admitted into the Ph.d programme, the candidate must have a minimum weighted average of 60% (B), based on the best six (06) M.Sc. Mathematics courses of University of Benin or equivalent, or CGPA of 3.50 minimum on a 5-point scale. Where a candidate has less than a weighted average of 60% (b) based on the best six (06) M.Sc Mathematics courses of University of Benin or equivalent, the candidate may be admitted into then M.Phil programme. A candidate with M.Phil in Mathematics or Industrial Mathematics may be admitted for the Ph.D programme.

Duration of Programmes:

M.Sc and M.Phil:

Full – Time: A Minimum of 2 semesters
Part – Time: A Minimum of 4 semesters

Ph.D:

Ph.D programme:

- (i) Full-Time 6-10 semesters

A student who fails to complete his course of study within seven calendar years from the date of registration may be asked to withdraw from the programme. There is no entrance examination into any of the programmes.

DEPARTMENT OF PHYSICS

Programmes Offered:

- (a) Master of Science (M.Sc.)
- (b) Master of Philosophy (M.Phil)
- (c) Doctor of Philosophy (Ph.D.)

Available Options:

- (a) **Master of Science (M.Sc.) with Specialization in:**
 - (i) Biophysics
 - (ii) Electronics
 - (iii) Geophysics/Exploration Geophysics
 - (iv) Metallurgy and Material Science
 - (v) Theoretical Physics
- (b) M.Phil with specialization as in (a) above

- (c) Doctor of philosophy (Ph.D.) with specialization in areas of (a) above

Admission Requirements:

- (a) **Master of Science (M.Sc.):**
A minimum of Second Class Honours Degree in Physics or its equivalent from a recognized University

- (b) **M.Phil Degree:**

A minimum of M.Sc. degree in Physics in the relevant option or its equivalent from a recognized University. A student transferring from the M.Sc. programme must score a minimum average of 60% in the course work plus a minimum of B in the Seminar.

- (c) **Ph.D:**
An M.Sc. or M.Phil degree in Physics or its equivalent from the University of Benin or its equivalent from any other recognized University, with a minimum of 60% average of B in the M.Sc. course work..

Duration of Programme:

- (a) M.Sc. 2 semesters
- (b) M.Phil 3 semesters
- (c) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

The applicants will undergo a screening exercise before candidates will be short-listed for admission.

FACULTY OF SOCIAL SCIENCES

DEPARTMENT OF ECONOMICS AND STATISTICS

- M.Sc (Economics)
- M.Phil (Economics)
- Ph.D. (Economics)

Available Options/Specializations:

Considerable opportunities exist for the development of specialized interests with needed analytic and empirical tools, especially in the following areas:

- (i) International Trade and Finance
- (ii) Econometrics
- (iii) Petroleum Economics
- (iv) Monetary Theory and Policy
- (v) Development Economics
- (vi) Public Sector Economics
- (vii) Health Economics
- (viii) Environmental Economics
- (ix) Labour Economics

Admission Requirements::

- (a) **Master in Economics (M.Sc. Economics):**
A good first degree in Economics or any related discipline of the University of Benin, or any other recognized University. Candidates with an MBA (Master in Business Administration) or M.Sc. in Banking and Finance may also be considered.

- (b) **M.Phil Programme:**
To qualify for admission into the M.Phil degree programme, a candidate must possess a master's degree in Economics from the University of Benin or any other recognized University.

- (c) The Department's Ph.D. programme has been redesigned and Into the African Economic

research Consortium's Collaborative Ph.D. programme in Africa for which the University of Benin is one of the Degree awarding Universities.

ADMISSION INTO UNIBEN/AERC COLLABORATIVE PH.D PROGRAMME IN ECONOMICS

The University of Benin in collaboration with the African /Economic Research Consortium, Nairobi, Kenya, wishes to announce the admission of students into the collaborative Ph.D Programme in Economics for the 2014/2015 session. The programme is designed to train a cadre of highly qualified teachers and researchers in Economics.

ELIGIBILITY:

The programme at the University of Benin is open to nationals of English-speaking West Africa Countries (Nigeria, Ghana, Liberia, Sierra Leone and Gambia). Candidates may be self-sponsored or sponsored by public sector institutions and/or research organizations engaged in research and training in Economics and those whose primary mandate is economic management in eligible countries.

THE PROGRAMME:

The Ph.D. Programme is based on course work. To qualify for an award of a Ph.D degree by the University of Benin, candidates will be required to:

- Take both compulsory and elective courses in Economics at the Ph.D. level and pass examination in these courses;
- Pass a comprehensive examination at the end of their course work;
- Write a Ph.D. thesis under supervision and undergo oral examination.

WHERE TENABLE:

The programme is tenable at the University of Benin. Successful candidates will take courses in two Universities in Africa and write and defend their theses at the University of Benin.

ADMISSION REQUIREMENTS:

Entry in the collaborative programme shall be on a competitive basis. Candidates must meet the following requirements:

- A good First Degree (First Class or Second Class Upper or its equivalent) in Economics from recognized University.
- A Masters Degree in Economics with a course work component from a recognized University (M.Sc. or M.Phil).
- A weighted average score of 60% or a letter average 'B' in the Masters Degree.

DEPARTMENT OF GEOGRAPHY AND REGIONAL PLANNING

The academic Postgraduate Geography and Regional Planning with specialization in the following areas:

- (i) Urban Geography and Regional Planning
- (ii) Rural Land Resource Management

- (iii) Transportation programme of the department leads to the award of M.Sc., M.Phil and Ph.D degrees in Geography
- (iv) Political Geography
- (v) Population Studies
- (vi) Geomorphology
- (vii) Hydrology and Water Resource Management
- (viii) Climatology
- (ix) Environmental Management and Assessment
- (x) Geoinformatics (Geographic Information Systems)
- (xi) Biogeography

Admission Requirements:

Masters of Geography and Regional Planning (M.Sc.) Programme:

- (i) A good first degree or other higher degree(s) not below Second Class Honours (Lower division) in Geography from the University of Benin or any other recognized University.
- (ii) A good first degree not below Second Class Honours (Upper Division) or other higher degree(s) in related disciplines from the University of Benin or any other recognized University. When admitted, such candidates are expected to specialize in areas most related to their undergraduate training and may also be required to take a few recommended remedial undergraduate courses to improve their knowledge of Geography.

Master of Philosophy of Geography and Regional Planning (M.Phil) Programme:

Admission to the M.Phil programme of the Department is open to applicants with any of the following qualifications:

- (i) A higher degree in Geography from the University of Benin or any other recognized University with no lower than 55% average.
- (ii) A good higher degree in related disciplines from the University of Benin or any other recognized University with no lower than 55% average. Students in this category will be required to take some remedial courses.

Doctor of Philosophy of Geography and Regional Planning (Ph.D) Programme:

Admission to the Ph.D programme in Geography and Regional Planning is open to holders of the Masters Degree (M.A; M.Sc.) in Geography or a related subject from the University of Benin or any other recognized University. Students applying for the Ph.D. must score an average of 60% in their courses. In addition the student must show good evidence of initiative and capability to sustain intensive and long field research. Holders of M.Phil or M.Sc. by thesis will be considered for admission without reference to average score.

Masters of Urban and Regional Planning (MURP) Programme:

Admission to the MURP programme in Urban and Regional Planning of the Department is open to applicants with any of the following requirements:

- (i) Holders of first degree in Environmental Studies, Social Sciences and Engineering, among others (with the experience of holders of B.Ed degree).

- (ii) Holders of HND with a minimum of Upper Credit pass in Town Planning
- (iii) Holders of HND with Lower Credit pass in Town Planning with a minimum of three (3) years of working experience in planning related. In addition, an applicant may be required as a condition of admission to undergo a selection process.

Duration of Programmes:

M.Sc.:

The programme is normally expected to be completed within a minimum 2 semesters for full time and 3 semesters for part time students. The School of Postgraduate Studies may approve an extension where necessary.

M.Phil:

The programme is normally expected to be completed within a period of 12 to 18 months. The maximum duration of the M.Phil. programme is 36 months for all students. The School of postgraduate Studies may approve an extension where necessary.

Ph.D:

The Ph.D programme is a minimum of two years (four semesters) beyond the Master's level. It is a four-year programme for part time students and course load is half the load for the full time students. The School of postgraduate Studies may approve an extension where necessary.

DEPARTMENT OF POLITICAL SCIENCE AND PUBLIC ADMINISTRATION

MPA; M.Sc; and Ph.D Programmes:

MPA Admission Requirements:

- (i) A candidate for admission into this programme shall normally have a good first degree or its equivalent.
- (ii) A candidate with a University degree must have 2 (two) years post-qualification experience.
- (iii) A candidate with a relevant HND qualification must have at least an UPPER CREDIT PASS and 3 (three) years post qualification experience.
- (iv) Satisfactory performance in a qualifying entrance examination which may be held for all applicants.
- (v) No entrance examination required.

Duration of Programmes:

The course is on Part-Time basis and runs for two academic session covering four semesters. Lectures take place on Fridays and Saturdays (Weekend).

M.Sc.:

Available Areas of Specialization are:

- (i) Comparative Politics and Development Studies
- (ii) Public Administration
- (iii) International Relations

Admission Requirements:

Applicants for this programme should be holders of a minimum of a Second Class Honours Degree in Political Science and/or Public Administration or a related discipline. Applicants will be required to take research competency test.

Duration of Programmes:

The M.Sc programme is designed to run for a minimum of 3 semesters and a maximum of 4 semesters

Ph.D:

Available Areas of Specialization are:

- (i) Comparative Politics and Development Studies
- (ii) Public Administration
- (iii) International Relations

Admission Requirements:

An applicant for the Ph.D degree must possess

- (i) B.Sc degree in Political Science and/or Public Administration or any other relevant Social Science discipline from a recognized University; and
- (ii) M.Sc degree in Political Science and/or Public Administration with a minimum average score of 'B' (60%), or Oral Interview may be required.

Duration of Programmes:

The duration of the Ph.D programme is a minimum of 3 academic sessions or (36) calendar months and a maximum of 5 academic sessions (Sixty Months).

DEPARTMENT OF SOCIOLOGY AND ANTHROPOLOGY PROGRAMMES OFFERED

- (a) Master of Science (M.Sc) in Sociology and Anthropology and Socio Work
- (b) Master of Philosophy (M.Phil) in Sociology and Anthropology and Socio Work
- (c) Doctor of Philosophy (Ph.D) in Sociology and Anthropology and socio works

AVAILABLE OPTIONS/SPECIALIZATIONS

- (i) Anthropology
- (ii) Criminology
- (iii) Demography and Population Studies.
- (iv) Globalization and Development Studies
- (v) Industrial Sociology and Labour Relations
- (vi) Medical Sociology And Anthropology
- (vii) Social Psychology
- (viii) Social Work

PHILOSOPHY/OBJECTIVES

- (a) Master of Science (M.Sc.)
- (b) Master of Science s(M.Phil)

The Master Programmes in the Department of Sociology and Anthropology aim to equip the students with relevant skills in the areas of theory and research and the application of the disciplines of Sociology, Anthropology and Social Work to enable them meet effectively the challenges and demands of a dynamic and rapidly changing society. On the successful completion of any of the programmes, the student should be able to deal with social and cultural issues with a view to making innovative contributions to national development efforts.

- (c) Doctor of Philosophy (Ph.D)

The objectives of the doctoral programme are to sharpen the critical, analytical and creative skills of the student beyond the master degree

level. Emphasis is on scholarly independent work geared towards the creation of new knowledge, their application and synthesis.

ADMISSION REQUIREMENTS

- (a) Master of Science (M.Sc)
- (b) Master of Philosophy (M.Phil)

Conditions of Admission:

- i. A person who holds a first or second class honours degree in Sociology, Anthropology or Sociology and Anthropology or Social Work.
 - ii. A person who holds a first or second class combined honours degree in Sociology and Anthropology or Social Work.
 - iii. A person with a third class degree in Sociology or Anthropology or Social Work with consideration cognate experience in a relevant field may be considered on the recommendation of the Departmental Postgraduate Committee.
 - iv. Persons holding first or second-class honours degree in any other discipline considered by the Department as related to Sociology and Anthropology or Social Work may apply. Such candidates will be expected to undertake Sociology, Anthropology or Social Work courses and pass the prescribed examinations. The courses will be selected from the 200, 300 and 400 level courses and approved by the Departmental Postgraduate Committee.
- (c) Doctor of Philosophy
- A person who has one of the following qualifications is eligible for admission:
- (i) Master of Philosophy degree in Sociology, Anthropology, Sociology and Anthropology or Social Work.
 - (ii) Master of Arts/Master of Science degree in Sociology, Anthropology, Sociology and Anthropology or Social Work with a defended thesis based on original data.
 - (iii) Master or Arts/Master of Science degree in Sociology, Anthropology, Sociology and Anthropology or Social Work based on course work and a project report with a score of 60 per cent average and at least three years post Master working experience in relevant fields.
 - (iv) Persons holding first class and second class honours degrees and/or Master or Doctorate degrees considered by the Department as related to Sociology and Anthropology may apply. Such candidates will be required to show evidence of developed interest in the area of specialization. In addition such candidates will be expected to take courses and pass the prescribed examinations. The courses will be selected from the 200, 300, 400 and 800 level courses and approved by the Departmental Postgraduate Committee.

DURATION OF PROGRAMME

- (a) Master of Science (M.Sc) Full-Time Programme:

A minimum of twelve calendar months will be required to complete the M.Sc programme. The period will be devoted to course work, written examinations, field work and the writing and submission of research project

report. Student registration shall lapse after six semesters.

- (b) Master of Philosophy (M.Phil) Full-Time Programme:

A period of two years (four semesters) will be required to complete the M.Phil programme. The first year will be devoted to course work and writing of proposal while the second year will be devoted to fieldwork, writing, submission and defense of thesis/dissertation. Social Work students will be required to undertake a block-fieldwork practicum and placement. Students specializing in either Industrial and Labour Relations or Development Studies may be required to have industrial attachment for a period of three months as part of their fieldwork training. Student registration shall lapse after eight semesters.

- (c) Doctor of Philosophy (Ph.D) Full-Time Programme

The minimum period is two years (four semesters) beyond the Master level. Student registration will lapse after 12 semesters

Department of Social Work

M.Sc. Social work

Conditions of Admission:

- (i) A person who holds a First or Second Class degree in Sociology, Anthropology or Sociology and Anthropology or Social Work.
- (ii) A person who holds a First or Second Class Combined honours degree in Sociology or anthropology or Social Work.
- (iii) Students without a degree in social work or sociology/anthropology will be required to take remedial courses and pass them..

FACULTY OF PHARMACY

DEPARTMENT OF PHARMACEUTICS AND PHARMACEUTICAL TECHNOLOGY

PROGRAMMES OFFERED:

- (i) Master of science (MSc)
- (ii) Master of philosophy (M.Phil)
- (iii) Doctor of philosophy (Ph.D)

AVAILABLE OPTIONS/SPECIALIZATION:

- (a) **Master of Sciences**
 - i) Controlled Drug Delivery including Biopharmaceutical Studies
 - ii) Powder/Tableting Technology
 - iii) Stability Studies
 - iv) Packaging and Drug Interactions
 - v) Rheological Studies of Liquid and Semi-Solid Formulations
 - vi) Coating of Solid Dosage Forms
 - vii) Sourcing and assessment of local Pharmaceutical raw materials
- (b) **Master of Philosophy/ Doctor of Philosophy:**
 - I) Controlled Drug Delivery; Biopharmaceut-ical Studies
 - ii) Powder/Tableting Technology
 - iii) Stability Studies
 - iv) Packaging and Drug Interactions
 - v) Rheological Studies of Liquids and Semi-Solid Formulations

- vi) Coating of Solid Dosage Forms
- vii) Sourcing and assessment of local Pharmaceutical raw materials

Admission Requirements:

- a) **Master of science (Msc)**
A candidate for the MSc degree in addition to the general regulations and guidelines on admission, should possess a minimum of a Second Class (Honours) Lower Division degree, or its equivalent, in pharmacy from the University of Benin or any other University recognized by the Senate of the University of Benin.
- b) **Master of Philosophy (M.Phil):**
A Masters degree in Physical Pharmaceutics and/or Pharmaceutical Technology from the University of Benin or any other University recognized by the Senate of the University of Benin. Candidate with degrees from other university will be expected to make up for any deficiency in their course work.
- c) **Doctor of Philosophy (Ph.D):**
A Masters degree in Physical Pharmaceutics and/or Pharmaceutical Technology from the University of Benin or any other University recognized by the Senate of the University of Benin. Candidate must also have a weighted average of 60% or CGPA of 3.50 minimum on a 5 –point scale or an M. Phil Degree in Pharmaceutics and pharmaceutical Technology.

Duration of Programmes:

- a) **Master of Science (Msc)**
A Minimum of 18 months based on course work that would last for at least 6 months and an original research project.
- a) **Master of Philosophy (M.Phil):**
A minimum of 12 months based on course work and original research project.
- b) **Doctor of Philosophy (Ph.D):**
The programme shall take normally NOT LESS THAN 24 MONTHS.

DEPARTMENT OF PHARMACEUTICAL CHEMISTRY

Programmes Offered:

- (a) Master of Science (M.Sc.)
- (b) Doctor of Philosophy (Ph.D.)

Areas of Specialization:

- i) Analytical chemistry
- ii) Organic/ Medicinal chemistry
- iii) Natural product chemistry

Admission Requirements:

Master of Science (M.Sc)
Candidates must possess a good degree in Pharmacy or Chemistry or any other suitable qualifications approved by Senate on the recommendation of the Faculty Board of Studies of Pharmacy. Candidates who are considered deficient in some areas of Pharmaceutical Chemistry may be required to take prerequisite courses as may be deemed necessary.

Doctor of Philosophy (Pharm. D) conversion

A Bachelor of Pharmacy degree of the University of Benin or any other University recognized by the Senate of the University of Benin or any other qualification registered to practice as a Pharmacist by the Pharmacists' Council of Nigeria i.e.

registered (with the Pharmacists Council of Nigeria) and be practising Pharmacists.

Duration:

M.Sc: It is expected the programme will not be less than 2 semesters and based on course work and original research work. The course work shall normally occupy not less than 25% of the prescribed time.

All candidates will take all prescribed courses and will undergo scheduled practical during the duration of the programme. A candidate who is deficient in some areas of Pharmaceutical Chemistry will be required to take pre-requisite courses during the training programme. Candidates may not be allowed to start the M.Sc programme until they have completed the pre-requisites courses satisfactorily.

Ph.D: Normally for a period not less than 6 semesters for candidates with a first degree and not less than 4 semesters for candidates with Master's degree. No formal course work will be offered. However, a candidate found deficient will be required to take the necessary courses along with the M.Sc students. Every candidate registered for the degree of Ph.D will attend and participate in workshops on research techniques and methodology by his/her field of specification offered in the department and determined by his/her supervisor. In addition, a candidate will be required to present seminars during each year of his/her study on topics chosen by him/her and approved by the supervisor.

DEPARTMENT OF CLINICAL PHARMACY & PHARMACY PRACTICE:

Programme Offered:

- (a) Master of Pharmacy (MPharm)
- (b) Doctor of Philosophy (Ph.D)
- (c) Doctor of Philosophy (Pharm. D) conversion

Available Options/Specializations:

- (i) Pharmacy Practice
- (ii) Pharmacoepidemiology
- (iii) Pharmacotherapy
- (iv) Clinical Pharmacokinetics

Admission Requirements:

- (a) **Master of Pharmacy (M.Pharm) Programme:**
 - (i) A good honours degree in pharmacy from a recognized University (not lower than Second Class honours Lower Division)
 - (ii) Any other qualification(s) approved by Senate.
- (b) **Doctor of Philosophy (PhD):**
 - (i) An acceptable master's degree in clinical pharmacy/Pharmacy from a recognized University
 - (ii) Candidates who are deficient in some areas may be required to audit some MPharm courses.

Duration of Programme:

- (a) **MPharm:**
 - (i) Full-Time 4-6 semesters
 - (ii) Part-Time 6-8semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters
 - (ii) Part-Time 8-12 semesters

The School of Postgraduate may approve an extension when necessary.

DEPARTMENT OF PHARMACOGNOSY

Programmes Offered:

Master of Science (M.Sc.)
Master of Philosophy (M.phil)
Doctor of Philosophy (Ph.D.)

Master of Science (M.Sc.) Programme Admission Requirements:

Candidates must possess a good degree in Pharmacy, Botany, Microbiology, Zoology, Biochemistry, Chemistry or any other suitable qualification approved by Senate on the recommendation of the Faculty Board of Studies. Candidates who are considered deficient in some areas of Pharmacognosy will be required to undertake remedial courses from the undergraduate programme as may be deemed necessary. Candidates must pass all the remedial courses satisfactorily.

(b) Master of Philosophy
Holders of Master of Science (M.Sc.) degree in Pharmacognosy from University of Benin or any other recognised University who scored below 60% in their course work at the Masters level.

Duration of Programme:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

Doctor of Philosophy (Ph.D) programme Admission Requirements

- (a) A candidate must possess a good Master's degree in Pharmacognosy
- (b) A candidate who has not already obtained a Master's degree shall register, in the first instance, for a Degree of Masters and at the end of at least twelve months may, subject to a satisfactory report from his supervisor be admitted as a candidate for a Degree of Doctor of Philosophy.

Duration of Programme:

The programme is expected to be not less than twenty-four months for candidates with Master's degree in Pharmacognosy and is based on original research work. The time base for full-time student is minimum of 6 semesters, for the part-time a minimum of 8 semesters.

DEPARTMENT OF PHARMACEUTICAL MICROBIOLOGY

Programmes Offered:

(a) Masters of Science in Pharmaceutical Microbiology (M.Sc. Pharm-Microbiology)

Areas of Specialization:

- (i) Inhibition and Destruction of Microorganisms
- (ii) Chemotherapy and Mechanisms of action Antimicrobial agent
- (iii) Preparation and Microbiological Control of Drug forms and Environment
- (iv) Industrial/Applied Microbiology

(b) Master of Philosophy (M.Phil).

- (i) Studies in Biodegradation and Preservation of Pharmaceutical Products
- (ii) Studies of the Mechanisms of Antimicrobial Action; Antimicrobial Agents Combination and Experimental Chemotherapy.
- (iv) Studies of bacterial resistance to Antibacterial Agents and Environmental Genotoxicology
- (v) Inactivation of Microorganisms and Immunological Studies

Areas of Specialization:

(a) Masters of Science in Pharmaceutical Microbiology

(b) Master of Philosophy

- (i) Inhibition and Destruction of Microorganisms.
- (ii) Chemotherapy and Mechanisms of Action of antimicrobial Agents.
- (iii) Industrial/Applied Microbiology.

For the purpose of specialization, related courses are grouped as follows: **i** and **ii** and **iii**, **ii** and **iii**, **iii** and **iv**

(c) Doctor of Philosophy (Ph.D)/ Doctor of Philosophy (Pharm.

d) conversion with Specialization in the following

- (i) Studies involving biodegradation and preservation of pharmaceutical products.
- (ii) Studies of mechanisms of antimicrobial action, antimicrobial agents combination and experimental chemotherapy.
- (iii) Studies of bacterial resistance to antibacterial agents and environmental genotoxicology.
- (iv) Inactivation of microorganisms and immunological studies.

Admission Requirements:

(a) Master of Science (M.Sc.) in Pharmaceutical Microbiology:

Candidates seeking admission to the M.Sc. Degree must satisfy the General

- (i) Requirements for Admission into the Faculty of Pharmacy of the University of Benin. In addition, their undergraduate degree (at least a Second Class Lower Division) should be in either Pharmacy, Microbiology, Biochemistry, Zoology (or a good degree in Medical Laboratory Sciences, Laboratory Sciences (Biological Sciences (option).
- (ii) Candidates with FIMLT/FMLS, plus 2 years post qualification experience, who in addition to passing a qualifying examination may be considered for admission.

(b) Master of Philosophy

Holders of Master of Science (M.Sc.) degree in

Pharmaceutical Microbiology from University of Benin or any other recognised University who scored below 60% in their course work at the Masters level.

(c) Doctor of Philosophy (Ph.D):

An applicant for the Ph.D. degree must possess a Master's Degree in Pharmaceutical with a weighted average that is **not** less than 50% and **not** up to 60% or a cumulative Grade Point Average (CGPA) of less than 3.50 on a 5-point scale.

d) Doctor of Philosophy (Pharm. D) conversion
A Bachelor of Pharmacy degree of the University of Benin or any other University recognized by the Senate of the University of Benin or any other qualification registered to practice as a Pharmacist by the Pharmacists' Council of Nigeria i.e. registered (with the Pharmacists Council of Nigeria) and be practising Pharmacists.

A candidate registered for the Master's Degree programme may have his/her registration transferred to the Degree of Doctor of Philosophy in accordance with the University of Benin Regulations subject to a satisfactory report from his/her supervisor(s).

Duration of Programme:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
 - (ii) Part-Time 6-8 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters
 - (ii) Part-Time 8-12 semesters
 - (c) **Ph.D./ Ph.D conversion** 4-6 semesters
6-8 semesters

DEPARTMENT OF PHARMACOLOGY & TOXICOLOGY
Programmes Offered:

Master of Science (M.Sc.)
Master of Philosophy (M.Phil)
Doctor of Philosophy (Ph.D.)

Available Options/specialization

Cardiovascular Pharmacology
Neuro/Psychopharmacology
Biochemical Pharmacology
Ethnopharmacology
Clinical Pharmacology
Toxicology

Admission Requirements:

Master of Science (M.Sc.) Programme:

Candidates should possess a good University degree (not less than a Second Class Lower Division or its equivalent) in Pharmacology, Pharmacy, Medicine, Dentistry or Veterinary Medicine, Physiology, Biochemistry or Behavioral sciences. A candidate whose previous background in Pharmacology is considered inadequate by the Department (e.g first degree holders in Biochemistry, physiology) will be required to spend the first year to remedy the deficiency by taking the department's undergraduate Pharmacology courses which will be followed by a qualifying exam.

Master of Philosophy (M.Phil) Programme:

Candidates should have an M.Sc. degree in Pharmacology of the University of Benin or any other recognized University. Candidates with

degrees from other Universities will be expected to make up for any deficiency in their course work.

Doctor of Philosophy (Ph.D.) Programme:

Candidates must possess an M.Sc. degree in Pharmacology with a research thesis from a recognized University and must have a weighted average of 60% or CGPA of 3.50 minimum on a 5-point scale or an M.Phil degree in Pharmacology.

Duration of programme

- a. MS.c A minimum of 18 months and a maximum of 36 months
- b. M.Phil: A minimum of 12 months and a maximum of 24 months.
- c. Ph.D: A minimum of 36 months and a maximum of 72 months.

SCHOOL OF MEDICINE, COLLEGE OF MEDICAL SCIENCES

DEPARTMENT OF ANAESTHESIOLOGY

Admission Requirements:

- (a) Bachelor of Medicine and Bachelor of Surgery degree (MB.BS) or its equivalent
- (b) Candidates should also have completed a one year Housemanship
- (c) Should have NYSC Certificate or exemption letter

Duration of Programme:

- (i) Full-Time 4-6 semesters

DEPARTMENT OF MEDICINE
Programme Offered:

Masters in Nephrology

Duration of Programme:

Four semesters (24 calendar months) (Full-Time).

Admission Requirements:

- (a) Candidate is expected to possess a first degree in Medicine, such as MB, BS; MB, ChB or equivalent, from any recognised university in Nigeria or abroad .
- (b) Evidence of enrolment in the fellowship programme of either the National postgraduate Medical College of Nigeria or the West African Postgraduate Medical College, may be an added advantage.

DEPARTMENT OF COMMUNITY HEALTH
Programmes Offered:

Master of Public Health (MPH) Programme:
Master of Public Health in Reproductive and Family Health

Doctor of Philosophy in Public Health (Reproductive and Family Health)

Admission Requirements:

- 1. A first degree in the following categories, not below 2nd class lower in:
 - a. Medicine/Surgery and Dentistry)
 - b. Other health related science discipline acceptable to the Department (**B.Sc Public Health, B.Sc Community Health Not acceptable**)
- c. Show evidence of completion or exemption from NYSC**
- 2. Applicants are expected to have some public health experience
- 3. for P.hD in Public Health,

a. applicants are required to have a Master's degree with a dissertation in any of the areas listed with a minimum average score of 60% in courses taken.

- b. A Master's degree in a field related to reproductive Health and Family Health.
- 3. Pass a qualifying entrance examination.

MPH Programmes is on part-time and full-time bases and the candidates are to sit for entrance examination.

Duration of programme

- a) MPH: Full time 12 months minimum and maximum 48 months
- b). MPH: Part Time minimum 24 months and Maximum 48 months

INSTITUTE OF CHILD HEALTH

Admission Requirements

- (a) Candidates must hold a Medical Degree (MBBS, MB, CHB) from a recognized University, at least three (3) years before the date of commencement of the course.
- (b) Candidates must be fully registered with the Medical and Dental Council of Nigeria.
- (c) Candidates must produce satisfactory evidence to the Institute of a successful pre-registration House Job rotation of at least (3) months in Pediatrics.

Duration:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters

- (b) The programme will run only on **PART-TIME** basis.

SCHOOL OF BASIC MEDICAL SCIENCES

DEPARTMENT OF ANATOMY:

Programmes Offered:

Master of Science (M.Sc) in Anatomy
Doctor of Philosophy (Ph.D) in Anatomy

Admission Requirements:

M.Sc. in Anatomy:

The candidate should possess a B.Sc. with at least a Second Class honours lower division in Anatomy or a degree in Medicine Dentistry .

Ph.D in Anatomy:

The candidate should pass the M.Sc. degree in Anatomy from a recognized University with a weighted average of 60%.

Duration of Programmes:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

DEPARTMENT OF ANAESTHESIOLOGY

Postgraduate diploma in Anaesthesiology

Admission Requirements:

- (a) Bachelor of Medicine and Bachelor of Surgery degree (MB.BS) or its equivalent
- (b) Candidates should also have completed a one year Housemanship
- (c) Should have NYSC Certificate or exemption letter

Duration of Programme:

- (i) Full-Time 4-6 semesters

DEPARTMENT OF MENTAL HEALTH

Programme Offered:

M.Sc. in Clinical Psychology

Admission Requirements:

- (a) Bachelor's degree in psychology from a recognised university.
- (b) Acceptable degrees in Health Sciences; Not below 2nd Class Lower
- (c) Must have Public Health Experience

DEPARTMENT OF MEDICAL LABORATORY SCIENCES

Programme Offered:

Masters in medical laboratory science

Master of Philosophy (M.Phil.) in medical laboratory science.

Doctor of Philosophy(Ph.D.)in medical laboratory science.

Available Options/Specializations:

- (i) Environmental and Public Health
- (ii) Medical Bacteriology/Mycology
- (iii) Immunology and Immunochemistry
- (iv) Histopathology/Cytopathology
- (v) Clinical Chemistry
- (vi) Hematology and Transfusion science
- (vii) Medical Virology
- (viii) Medical Parasitology
- (ix) Medical Molecular Biology

Admission Requirements

Master of Sciences (M.Sc.) degree

- (a) Candidates must hold a Bachelor of Medical Laboratory Science (B.MLSc.) degree from the University of Benin or any other recognized University as approved by Senate.
- (b) Holders of B.Sc. Honours degree (at least second class honours) in related fields such as Anatomy, Physiology, Biochemistry, MBBS, DBS, Pharmacy, Microbiology.
- (c) Candidates with professional qualifications such as Associate of Medical Laboratory science (AMLSN) or Fellow of Medical Laboratory Science (FMLSAN) whose qualifications and experience are deemed adequate may also be considered for admission.

Master of Philosophy (M.Phil.) degree.

Holders of Master of Science (M.Sc.) degree in medical Laboratory Science from University of Benin or any other recognised University who scored below 60% in their course work at the Masters level.

Doctor of Philosophy (Ph.D.) Programme:

Candidates must possess an M.Sc. degree in Medical Laboratory Science with a research thesis from a recognized University and must have a weighted average of 60% or CGPA of 3.50

minimum on a 5-point scale or an M.Phil degree in Medical Laboratory Science.

Duration of Programme:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

DEPARTMENT OF PHYSIOLOGY

Programme Offered;

- (i) M.Sc (Human Physiology)
- (ii) Ph.D (Human Physiology)

Admission Requirements:

M.Sc:

- (a) A good honours degree in Physiology (preferably 1st Class or Second Class, Upper division), MBBS or B.DS; holders of good honours degree in related Medical Sciences may also be considered.
- (b) NYSC discharge certificate or exemption report.

Ph.D: An M.Sc. degree in Physiology.

Duration of Programme:

- (a) **M.Sc programme:**
 - (i) Full-Time 4-6 semesters
- (b) **Ph.D programme:**
 - (i) Full-Time 6-10 semesters

M.Sc: (Physiology): Full-Time

Ph.D: (Physiology): Full-Time

CENTRE OF EXCELLENCE IN REPRODUCTIVE HEALTH INNOVATION (CERHI)

Available programmes

M.Sc and Ph.D in Reproductive Health (Department of Obstetrics and Gynecology)
M.P.H and P.h.D in Public Health with specialization in Reproductive and Family Health (Department of Community Health. **(B.Sc Public Health, B.Sc Community Health Not acceptable)**)

M.Sc and Ph.D in Nursing Sciences, Postgraduate Diploma, M.Sc and Ph.D Health economics (Department of Economics and Statistics).

Admission Requirements

M.Sc Reproductive Health,

First degree from University recognised by the University of Benin in Medicine, Health, Natural and Applied Science, with a minimum of Second Class Honours.

Ph.D Reproductive Health

M.Sc in Health Science or MHP from Universities recognised by the University of Benin.

M.P.H Public Health (with specialization in Reproductive and Family Health,

A First Degree in Health related Science not below 2nd class.

Ph.D in Public Health (with specialization in Reproductive and Family Health)

A Masters Degree in Public Health or a field related to reproductive and Family Health.

M.Sc Nursing Science (Reproductive Health)

First Degree in Nursing Science with a minimum of Second Class.

Ph.D Nursing Science (Reproductive Health)

An M.Sc Degree in Nursing Science with a weighted score of 60%.

Postgraduate Diploma in Reproductive and Child Health Economics.

A First Degree in Economics or any other related course.

M.Sc Health Economics (Reproductive and Child Health)

- a) Postgraduate Diploma in Economics related courses.
- b) A First Degree in Economics and relevant discipline with a minimum of Second Class Lower Division.

Ph.D Health Economics (Reproductive and Child Health).

M.Sc Health Economics.

Centre for Forensic Programmes and DNA Studies

(A Private-Public Partnership (PPP) Project

University of Benin, P.M.B 1154, Benin City, Nigeria

PROGRAMME

ADMISSION

Post-Graduate Diploma in Forensic and DNA Analysis (PGD Forensics)

Programme Description and Philosophy

The purpose of the Post Graduate Diploma in Forensic Science and DNA Analysis is to offer training on DNA Analysis and to introduce the student to the science of DNA typing methods by focusing on basic techniques used in the Forensic DNA laboratories.

With high level of mortality/morbidity due to road traffic accident (RTA), flood disasters, militancy, kidnapping, robberies, aviation/marine disasters and often repeated cases of mass burials of unknown dead victims and dispute in paternity of babies or adult, the need for forensic science infrastructures cannot be ignored in our society. Apart from DNA Analysis there are several other disciplines of forensic that are applied every day. Through the programme, the Centre intends to cover several of the disciplines with the available human resources. Other available disciplines are: Forensic Toxicology, Forensic Pathology, Digital Forensic, Forensic Odontology, Forensic Document Examination, Crime Scene Investigation, Forensic Psychology and Social Works, Legal Forensic (Criminal investigation and trials), Forensic Accounting/Auditing, and several others.

This program aims to:

- (1) Provide exemplary forensic science education in diverse disciplines at the graduate level
- (2) Select students who have successfully completed an undergraduate science or arts or other disciplines degree with a strong GPA and who

aspire to become the future forensic scientists in the various forensic science laboratories

(3) Develop in these select students the skill necessary for working in this profession including ethics, integrity, the ability to devise innovative methods and techniques and the capacity to integrate new technology.

This comprehensive program incorporates a unique curriculum that balances breadth and depth of study through scholarly coursework which incorporates the logic and workings of the criminal justice system. In depth coursework covers the theoretical underpinnings of the biological and physical sciences as used in the collection, analysis, interpretation, reporting of evidence as well as its use as evidence during trials.

Duration/Mode of Study

- a) Full-Time – One Academic Session (Minimum 9 months)
- b) Part-Time –Two academic sessions (Minimum 18 months)

Eligibility

- a) General criteria: Graduates from all fields/disciplines from reputable tertiary institutions (both universities and polytechnics) from within and outside Nigeria are eligible to apply.
- b) Waiver criteria: Mature citizens/ officers in civil service, the military, industries and parastatals with cognate experience in related disciplines/career may be granted some forms of waiver.

Requirements for Admission

Forensic science and DNA Analysis is a multidisciplinary field, and as such, University of Benin welcomes applications from students from any background with strong undergraduate records in the biological, chemical or physical sciences, legal, art, social science as well as those in engineering fields. International and domestic students with diverse backgrounds have been successful in our program.

The following are prerequisites that must be met in order to be considered for admission to the program.

- 1. WAEC/NECO /GCE /O’ Level with five credits including Mathematics and English.
- 2. Bachelor’s degree / HND

Applicants must have already completed a bachelor’s degree (B.A. or B.S. or HND.) in sciences, arts, law, or in any field from an accredited higher institution or university.

Waiver may be considered for those who are above 45 years old especially those in the Military, Paramilitary such as Police, Immigration, Prison, Customs, FRSC, INEC and other government establishments with focus on Forensic.

COURSE PREREQUISITES

Applicants must have completed the minimum equivalent to earn a degree or HND in any discipline from an accredited Universities or polytechnics in Nigeria as stipulated above

Applicants must list courses taken to satisfy the prerequisites on the application for admission.

Grade Point Average (GPA) of 2.5 or higher on a five-point scale. Applicants with a technical GPA of 2.5 or higher on a five-point scale are better prepared for this admission. However there will be a waiver as stipulated above for those with work experience in the Military, Para military such as Police, Immigration, Prison, NDLEA, Customs,

FRSC, INEC, and other relevant government establishment.

The University of Benin, Benin city does not discriminate on the basis of race, color, national origin, religion, sex, gender identity, pregnancy (including pregnancy, childbirth, and medical conditions related to pregnancy or childbirth), physical or mental disability, age, medical condition (cancer related or genetic characteristics), ancestry, marital status, citizenship, sexual orientation, or service in the uniformed services (includes membership, application for membership, performance of service, application for service.
